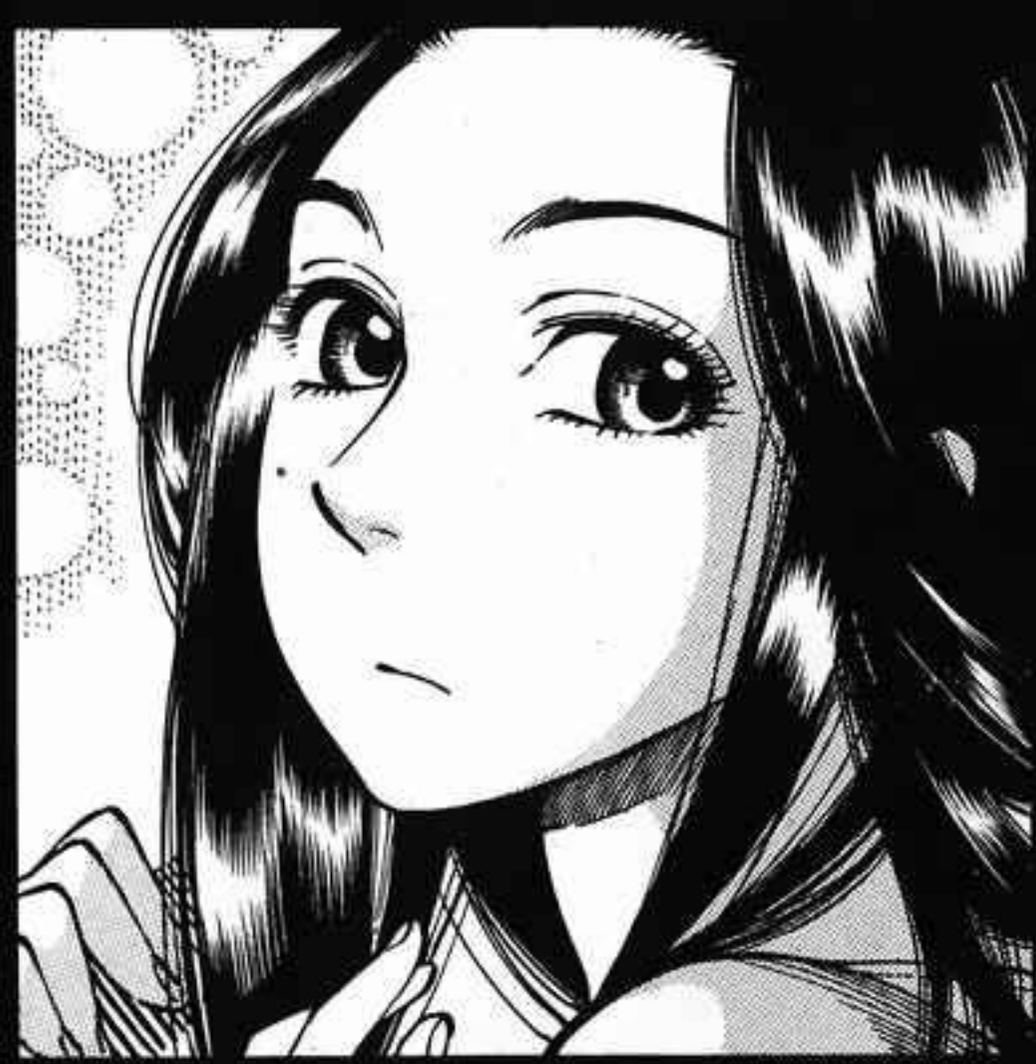
Chapter 79:
Hair



Well, excuse me!
...Nah, I hate long hair.

Why don't you skip the barber for a while?
Maybe you should try it?

You're still going?
How long's it take?

.....

I have to do all this or it won't grow cleanly.
The hairs start to break off.

Maybe that's why it's so long now...

So that it would grow faster.
Mother used to comb it out every day,

.....
When I was a girl,

Hee-
hee

So do you like it?

Mooom-
miieee...

Moooom...

Rostem!
What're you doing up?!

Oh, never mind, just come here. I'll take you.

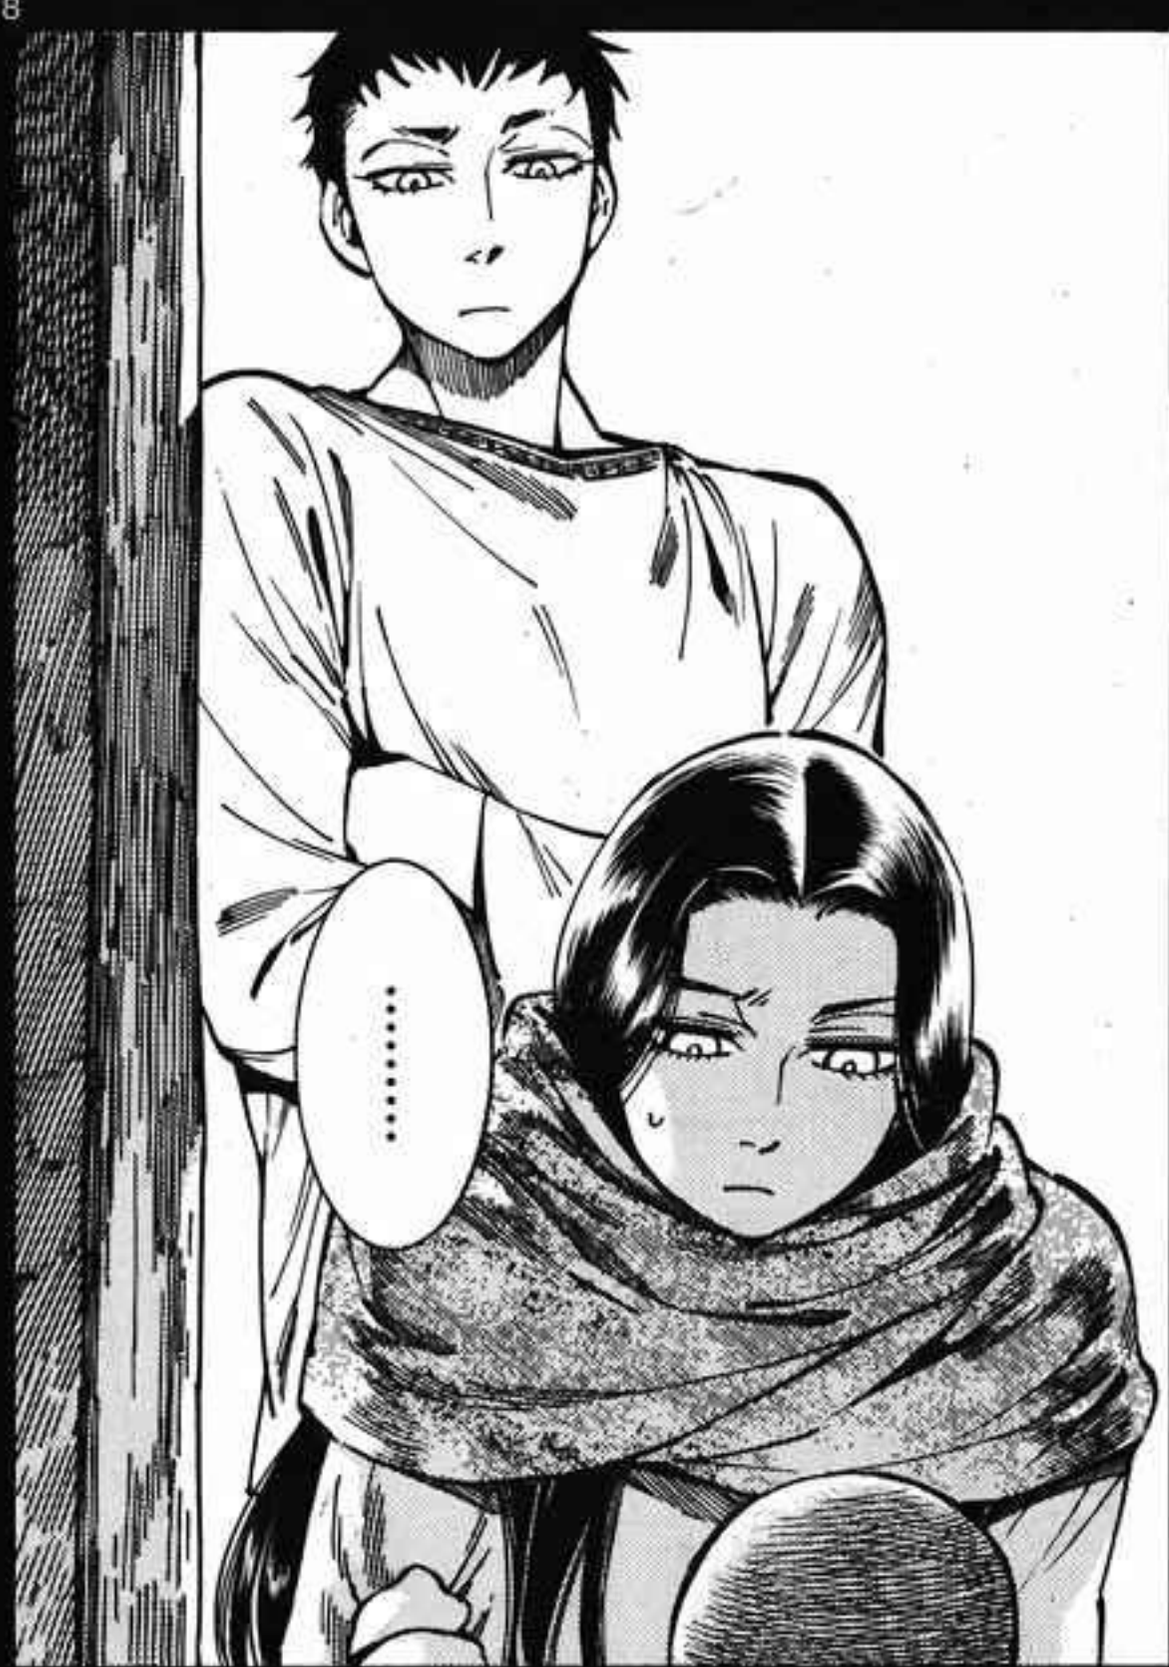
Bath-room?! Now?!
Gotta tinkle...
Why didn't you go before bed?!

He can go by himself, can't he?
It's just out to the yard.

He could fall in, for goodness' sake!

It's pitch black out there,
What is he supposed to do without a light?

Watch your step!

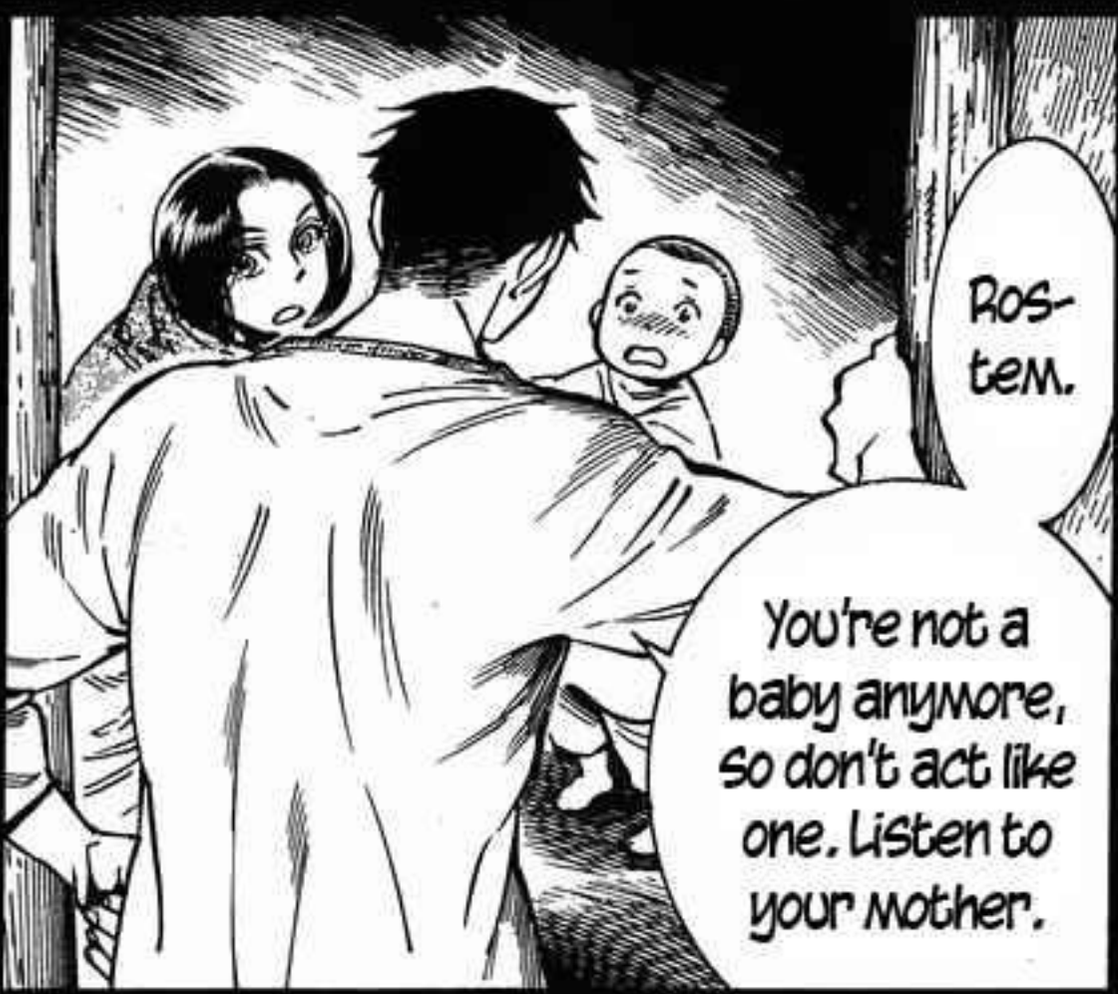


.....

Back to bed now, Rostem.
Okay then, time to sleep.
Did you go?
Wanna sleep with moommiie...
Sleep in your room...

You have all that company, you'll be fine.
Aren't all the other boys there, too?

... Not tonight.
Mooom-Miieee...



Ros-tem.
You're not a baby anymore, so don't act like one. Listen to your mother.

I wanna be with youuu!
Nooo!
I told you-

You need to learn to sleep by yourself!
You're a boy!
Enough, Yusuf!!

You know what else? If your mother slept with you kids every night,
Then you probably wouldn't even be here right now, understand?
Yusuf!!
Don't say that!!

What's the Matter?

He's just a little boy! Don't say those things in front of him!

HRRRUMPH

And rose-water?
Rose-water too.

I'll buy some more for you, then.

Is that the perfume I bought you before?
.....
I already used that all up.

It's not as if I like arguing with you.

SLIIIDE

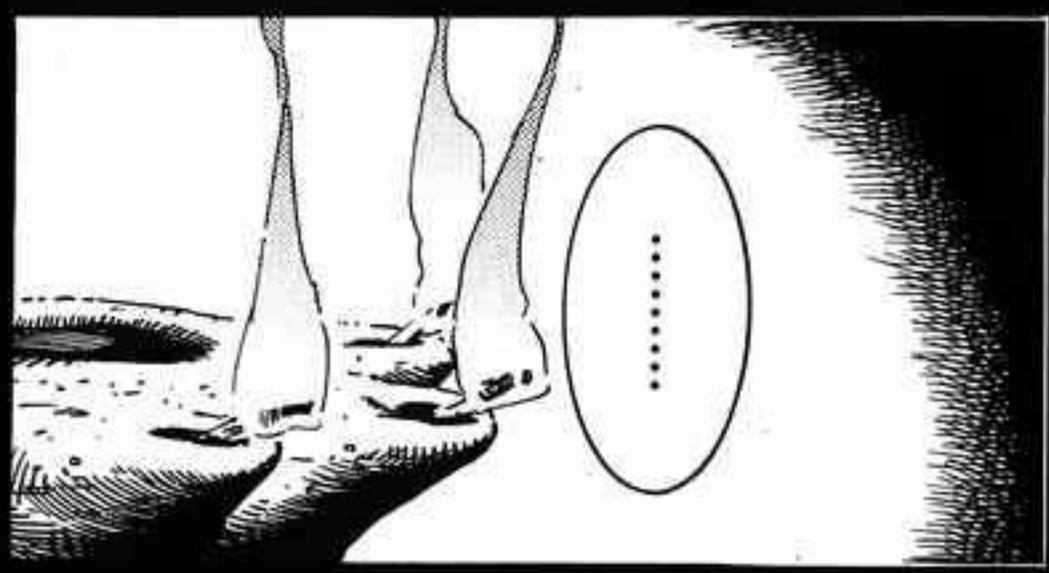
I try not to complain. I really do.

I know we're both trying.

I want us to get along. I want what we have to be good.

And it's not as if I show my hair off for anyone else, you know.

I'm keeping it pretty just for you.



.....
All right.

What?

Your hair.
Show it to me again. Like before.
