Arakra got to run a little the other day.
Must be because he's been cooped up.

Snort
Puff
Calm down, Sulkeek!

I've been neglecting you, haven't I?
Sorry, Sul-keek.

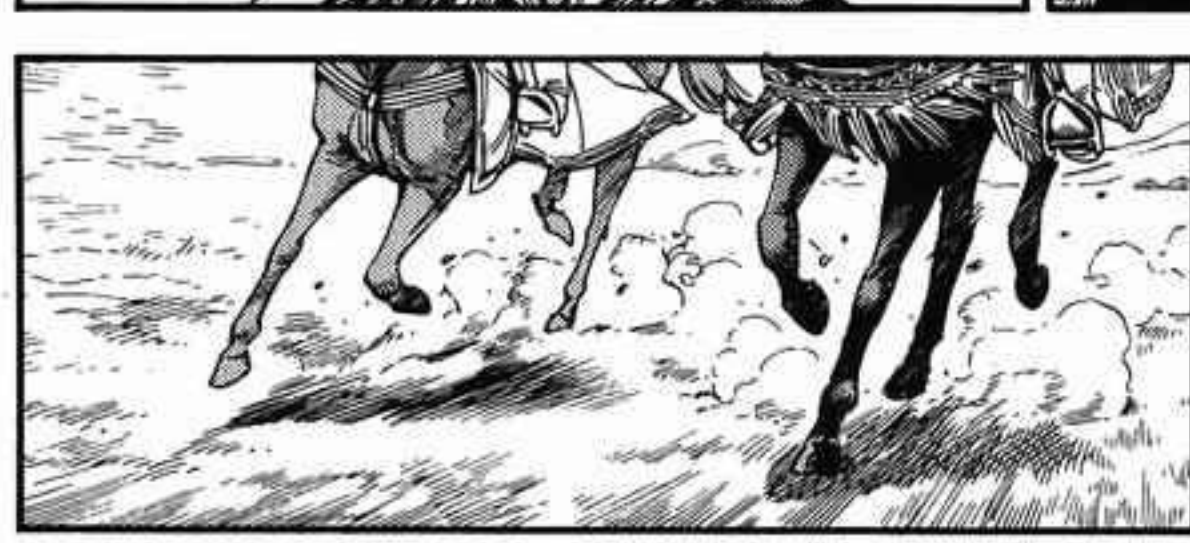
I've been keeping him clean and fed and watered,
But he still got so anxious he almost kicked a hole in the wall!

I mean, You're helping Pariya and her family out, and that's really important!
N-nah!
I, uh,
It's all good!

I didn't forget you either,
So don't start running wild on me, too.
Wuh-?!

Lotta, uh, lotta stuff we all gotta be doing.. Yup, reaaal busy.
And me, I got stuff too, so y'know..



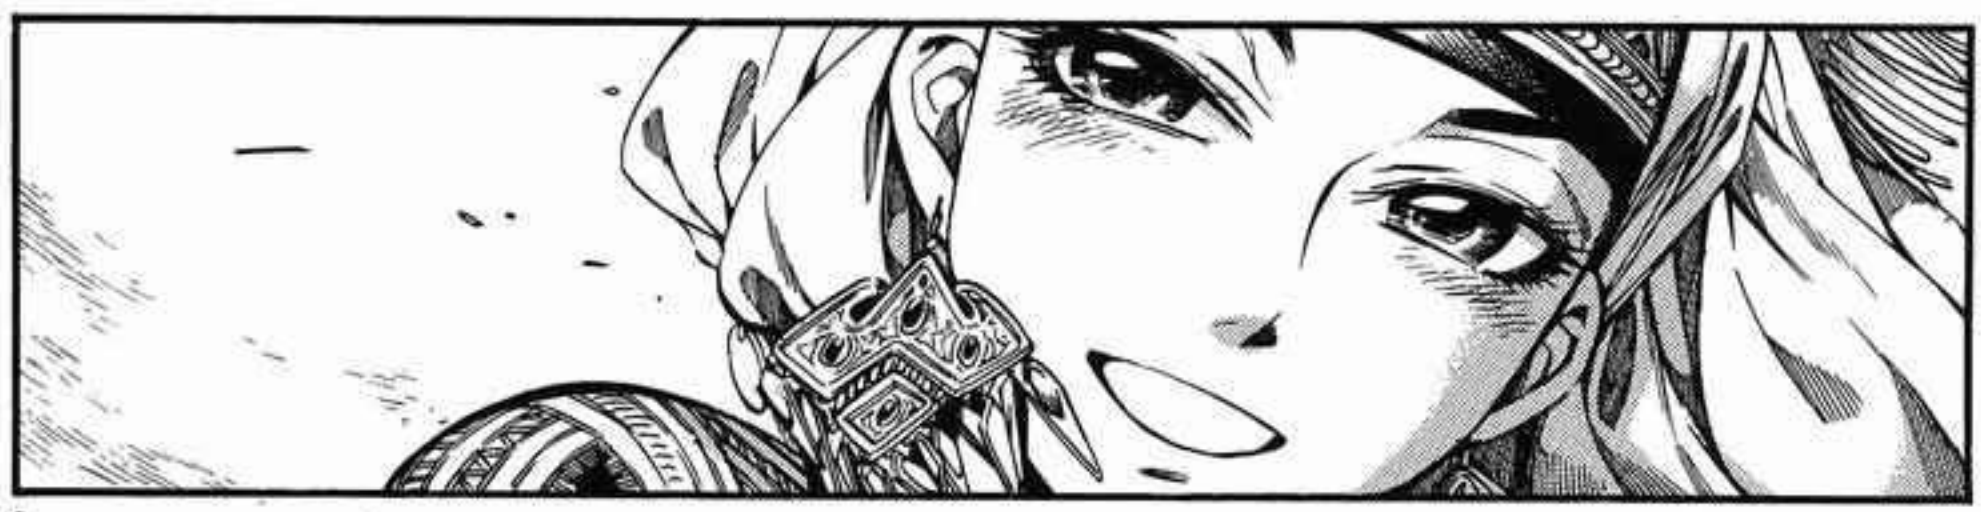
.....

!

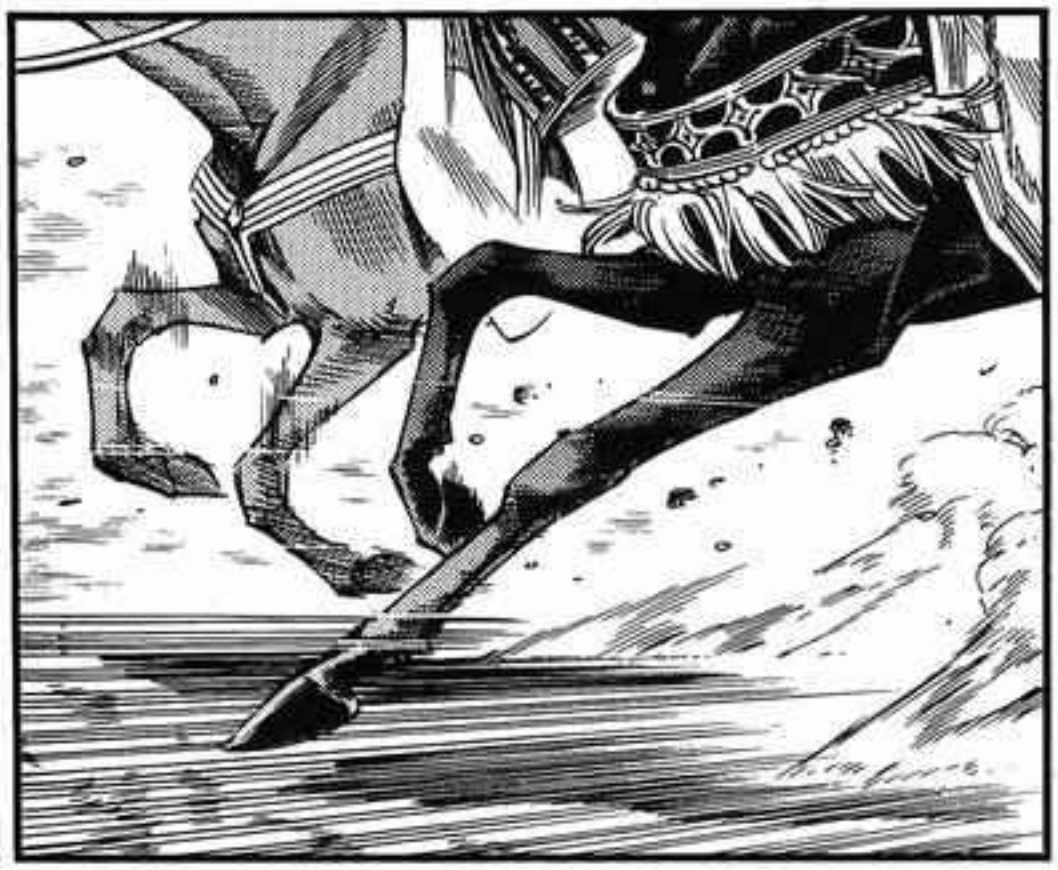
The loser has to do one thing for the winner? Whatever they say!
Eh-?
Oh! Oh, right! Um..

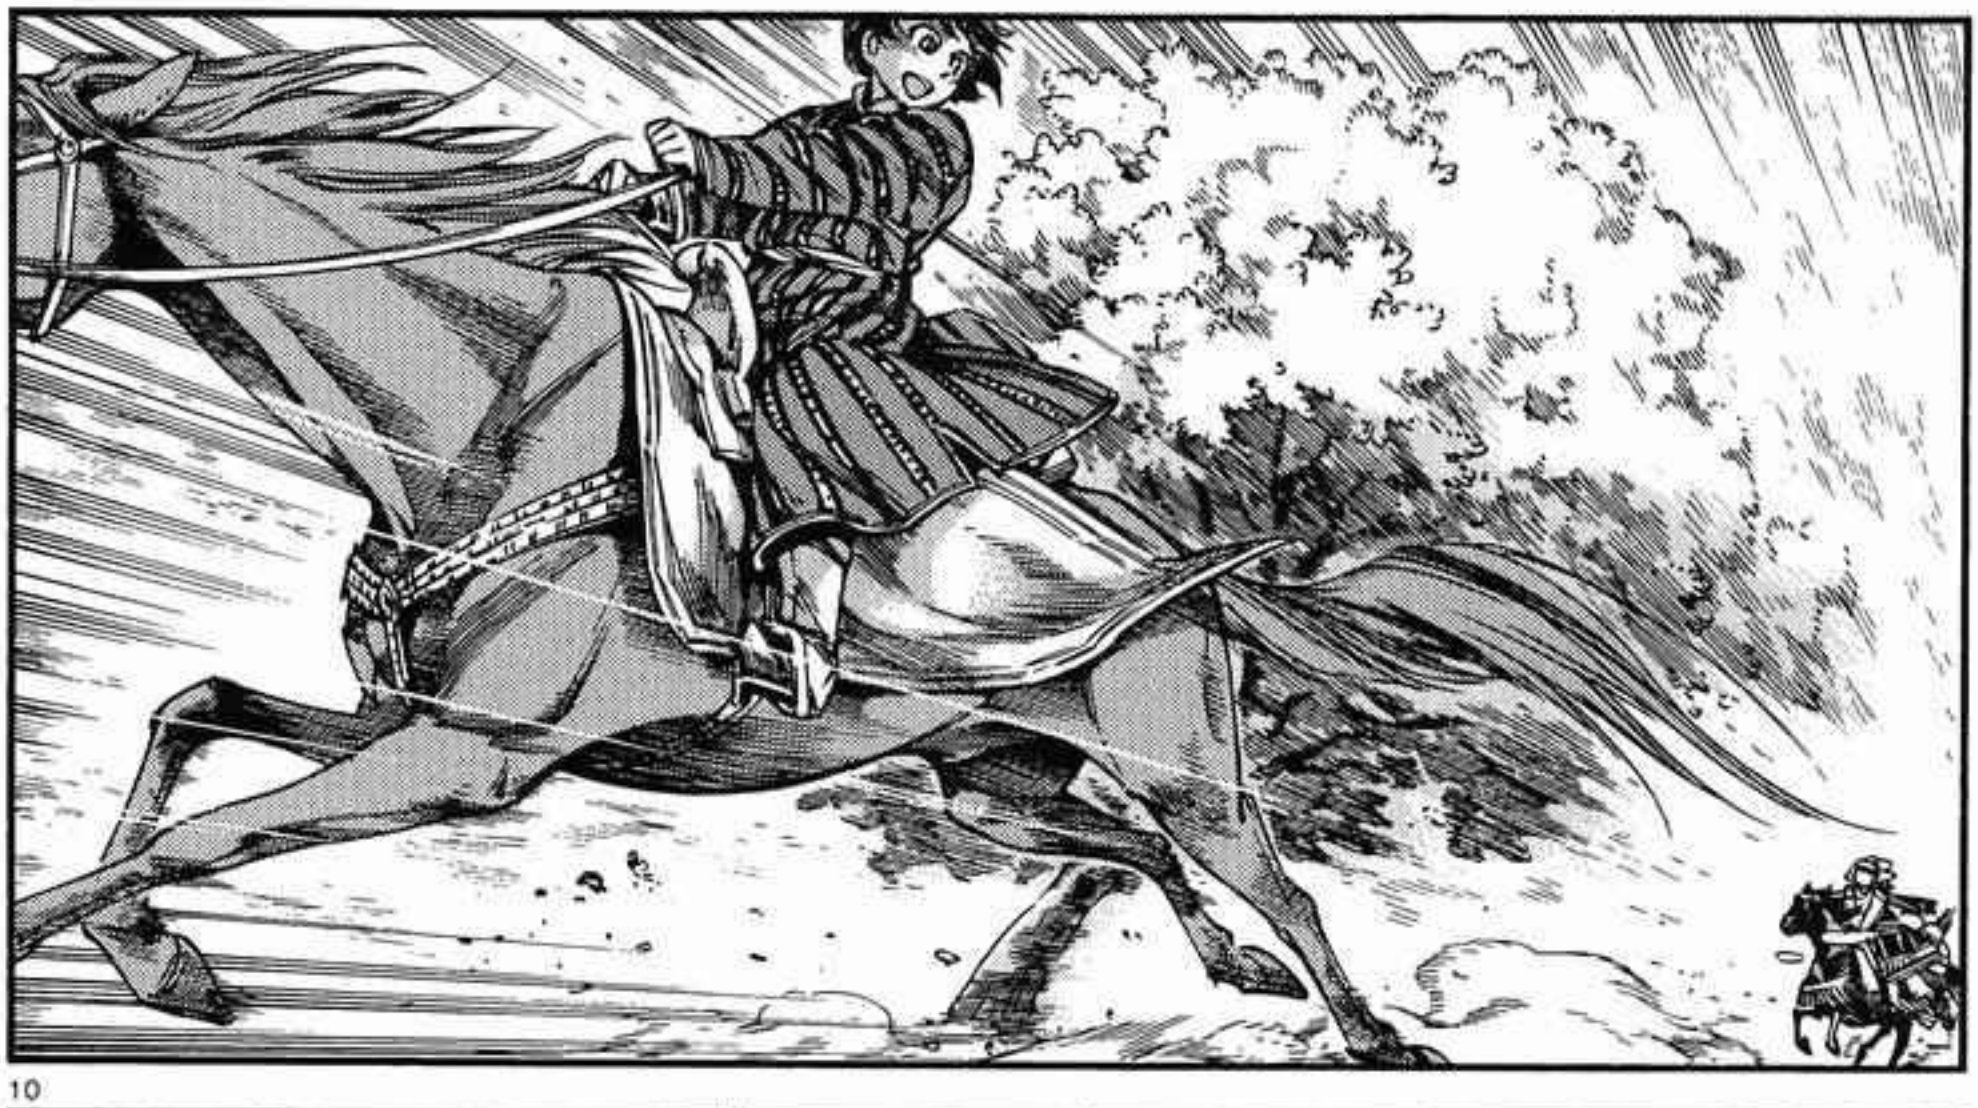
We should try racing to that tree over there!
Hey! Look!

What'll you wager on it?



GO!



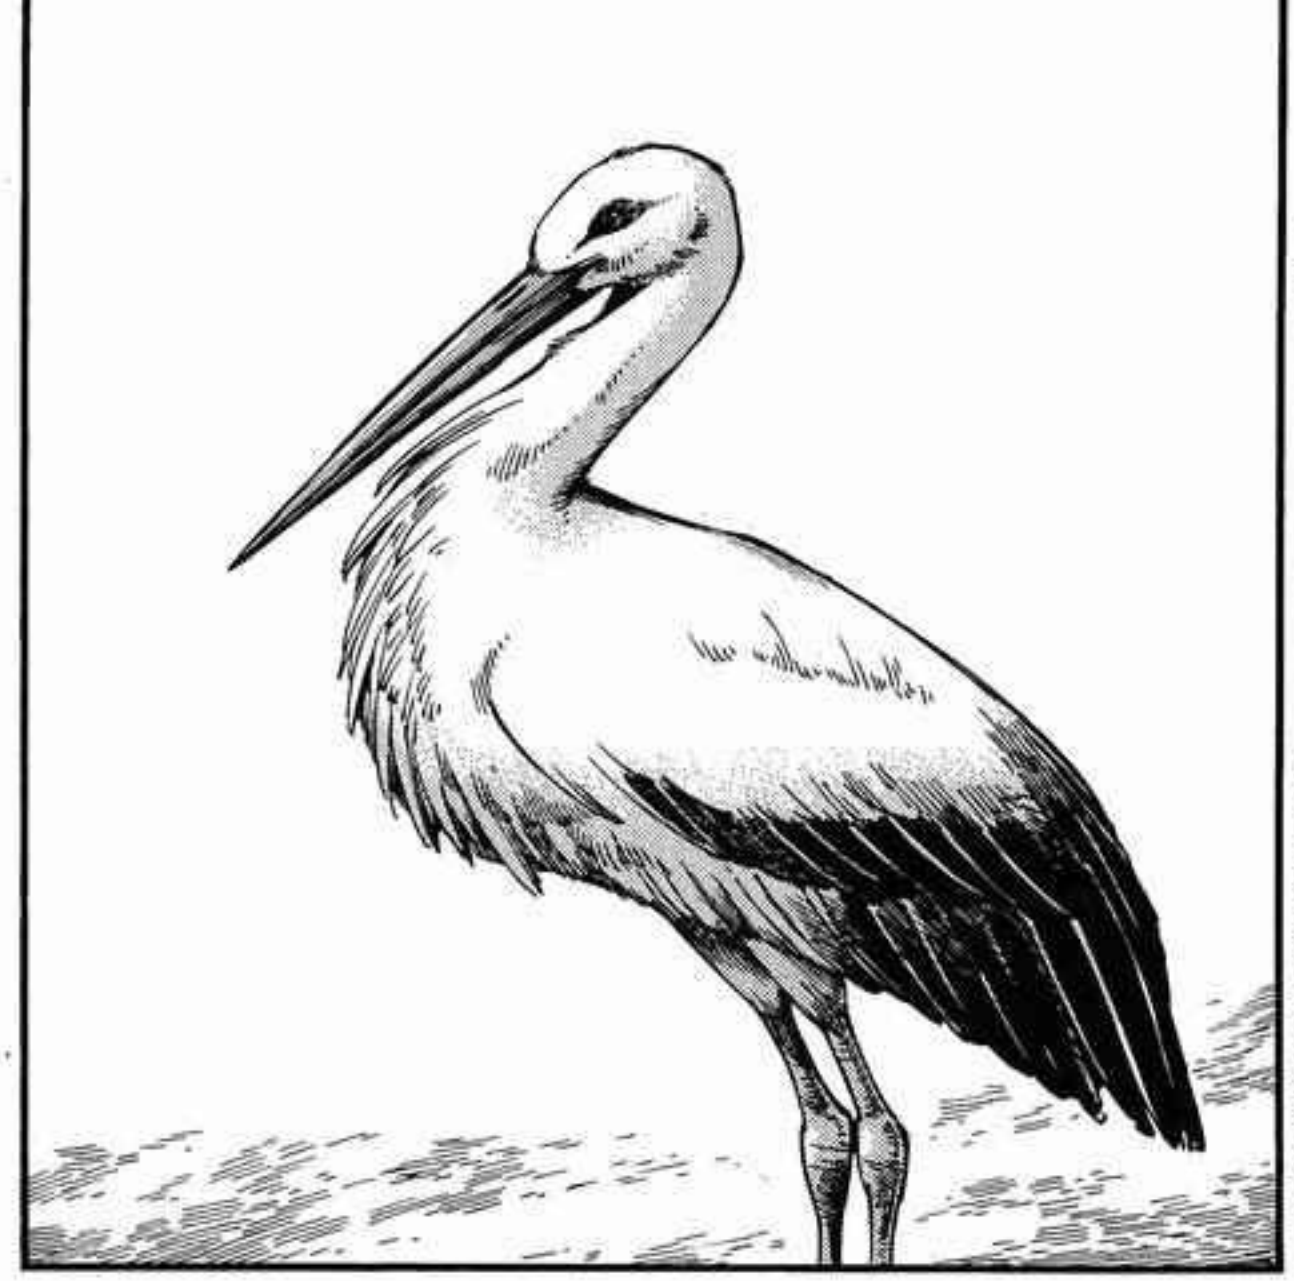


.....
You got me.

Ha HA! Yes! Yes!

What'd you pack just to run the horses?

All that baggage slowed you down!



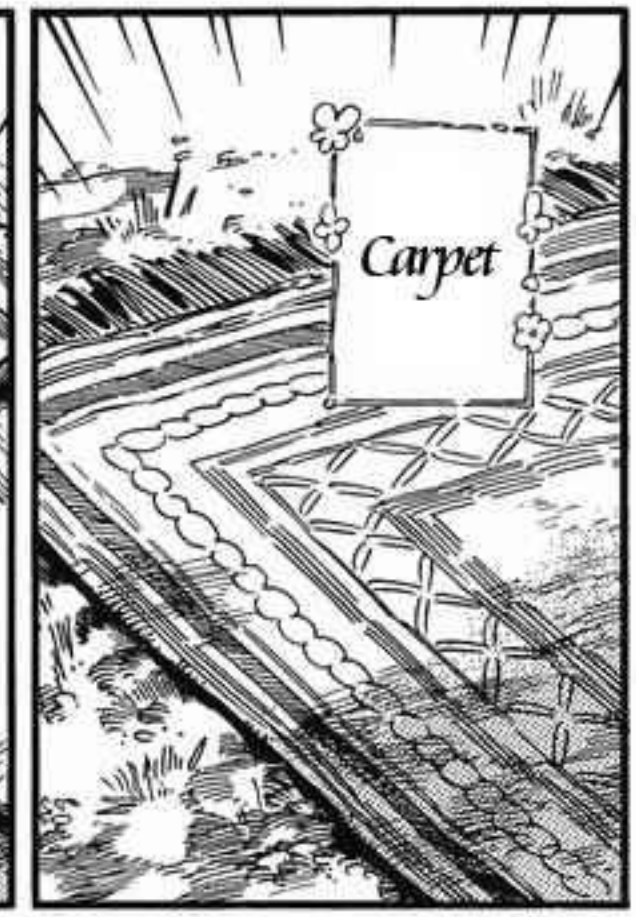
Want to stop for a rest?
This looks like a nice spot.

bustle
rummage

Okay!

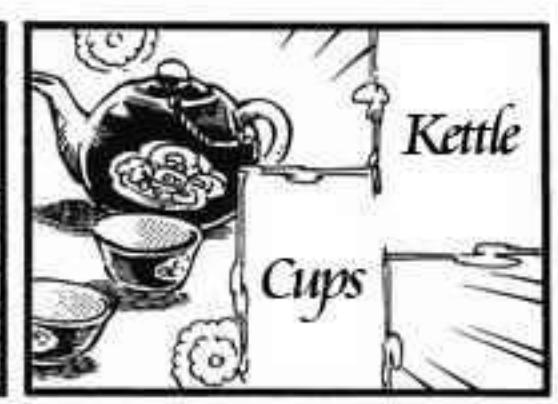
Pitcher
Tea
Plate

Cushions



Carpet

And so on
And so forth



Kettle
Cups

Ta-daah!

W.... We're busy, right? So we have to make this count!

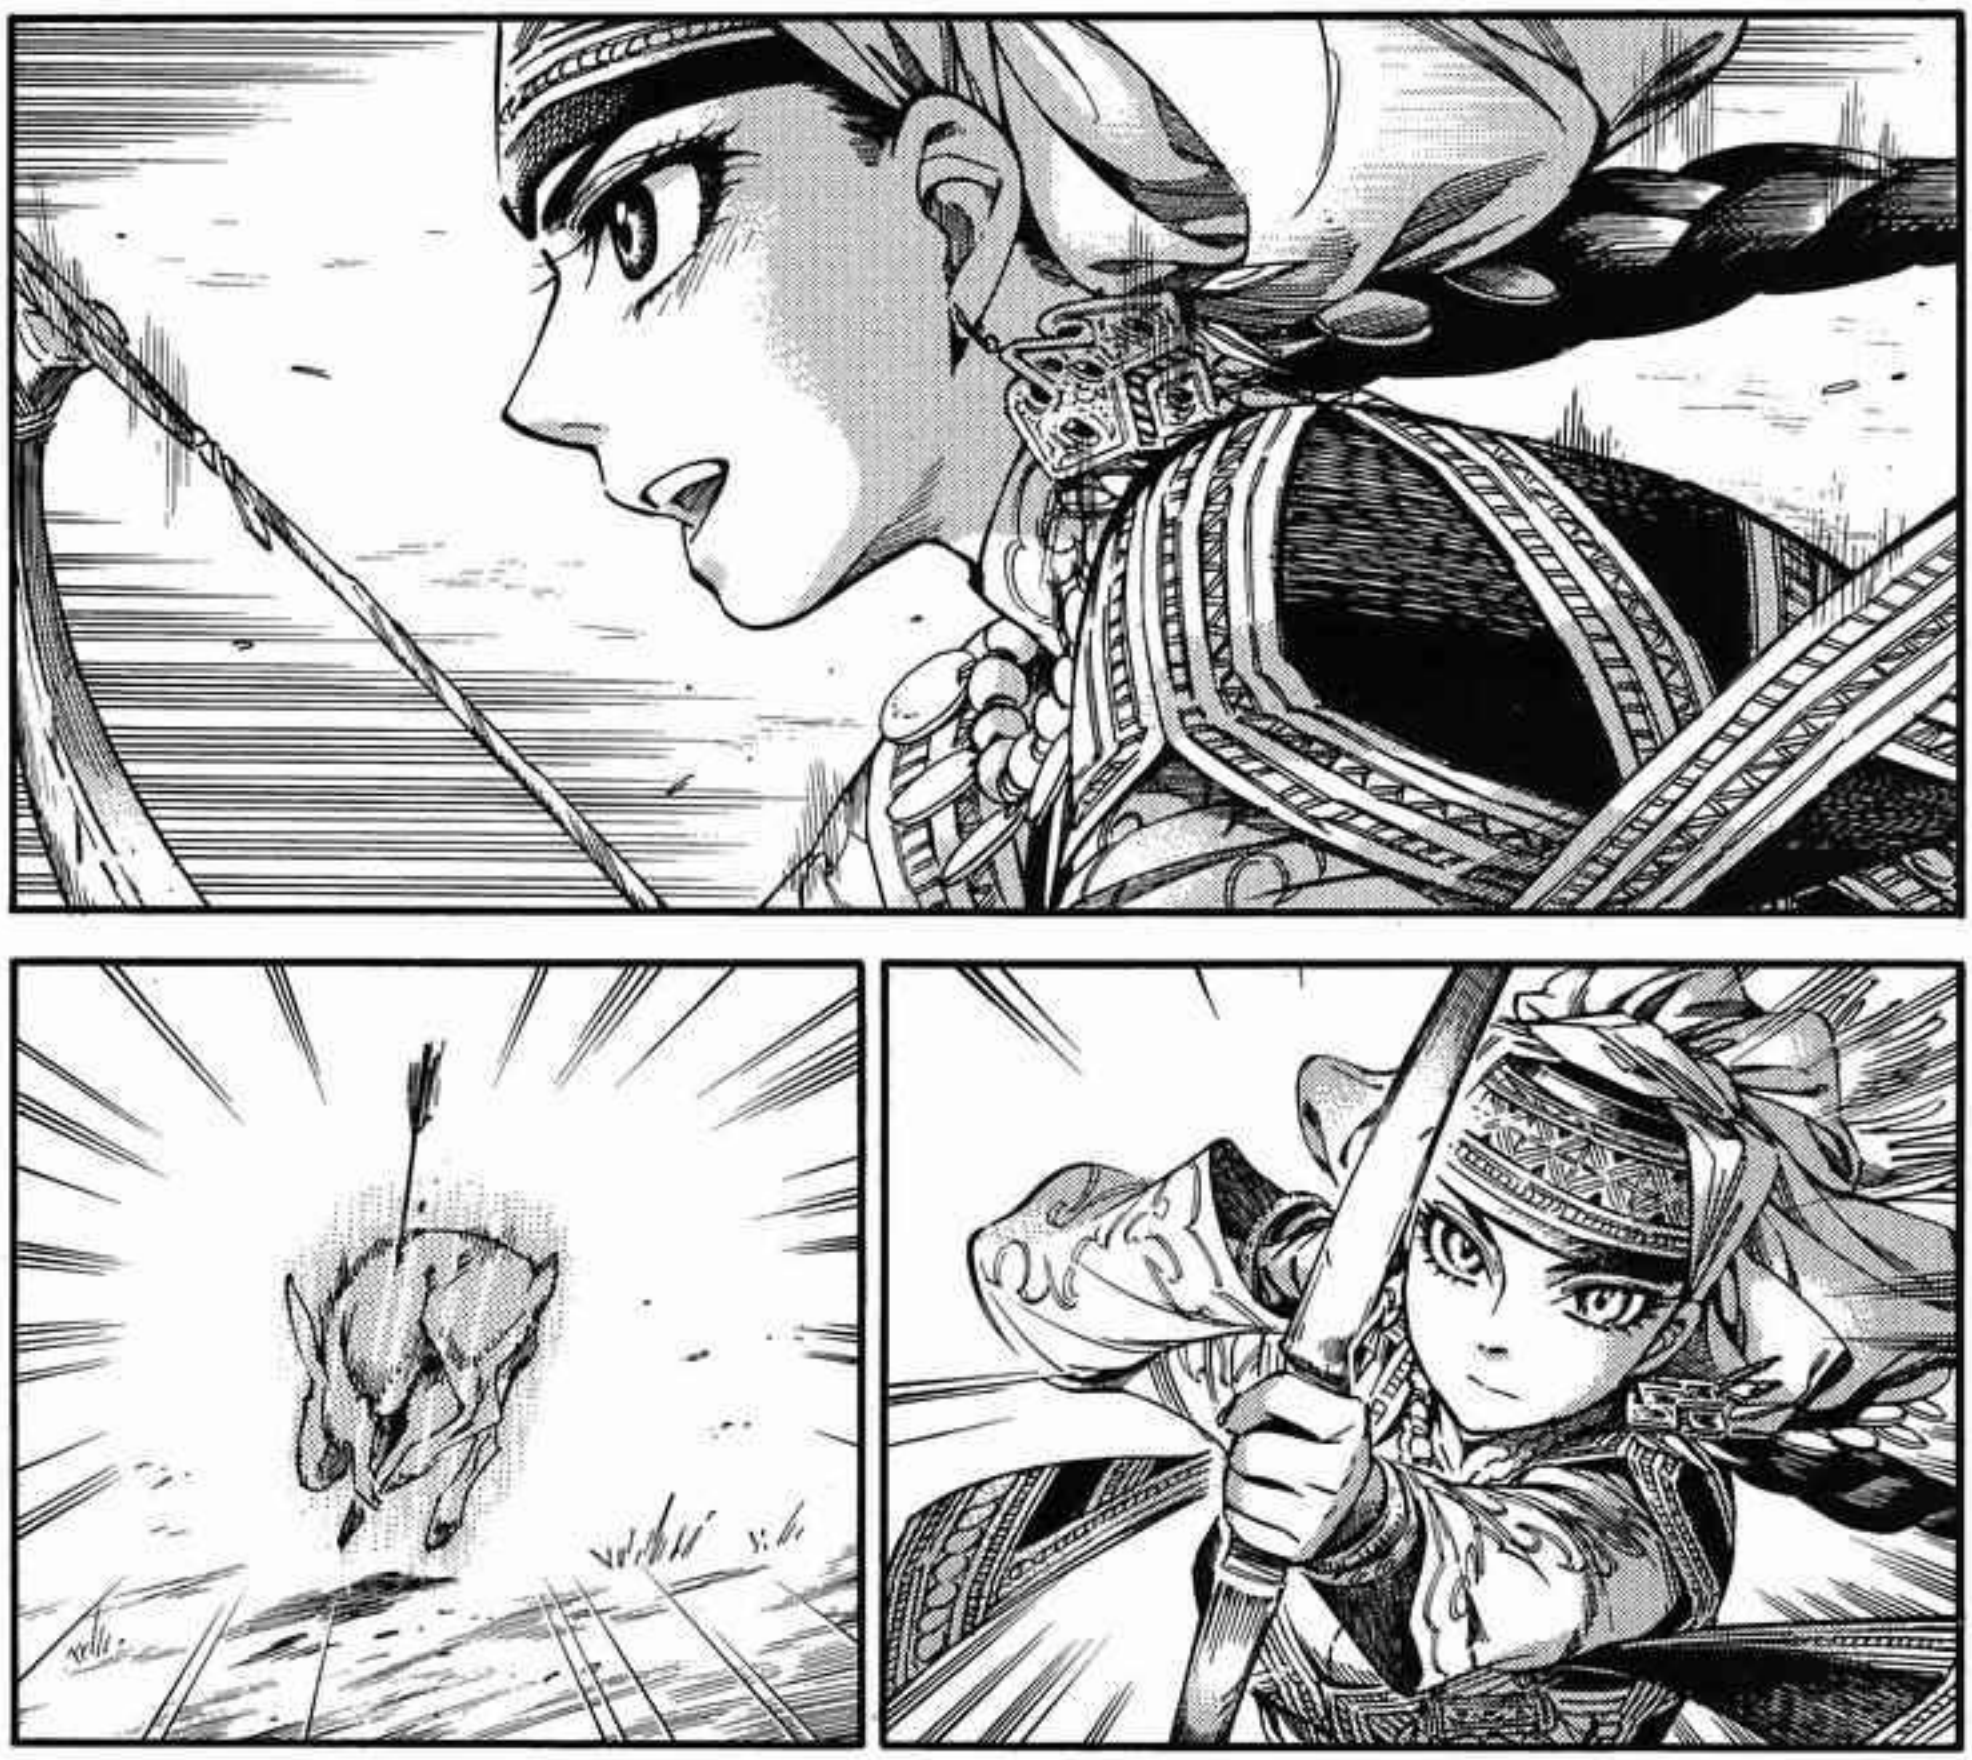
Well, that explains the load, I guess..
Still a lot to pack out..

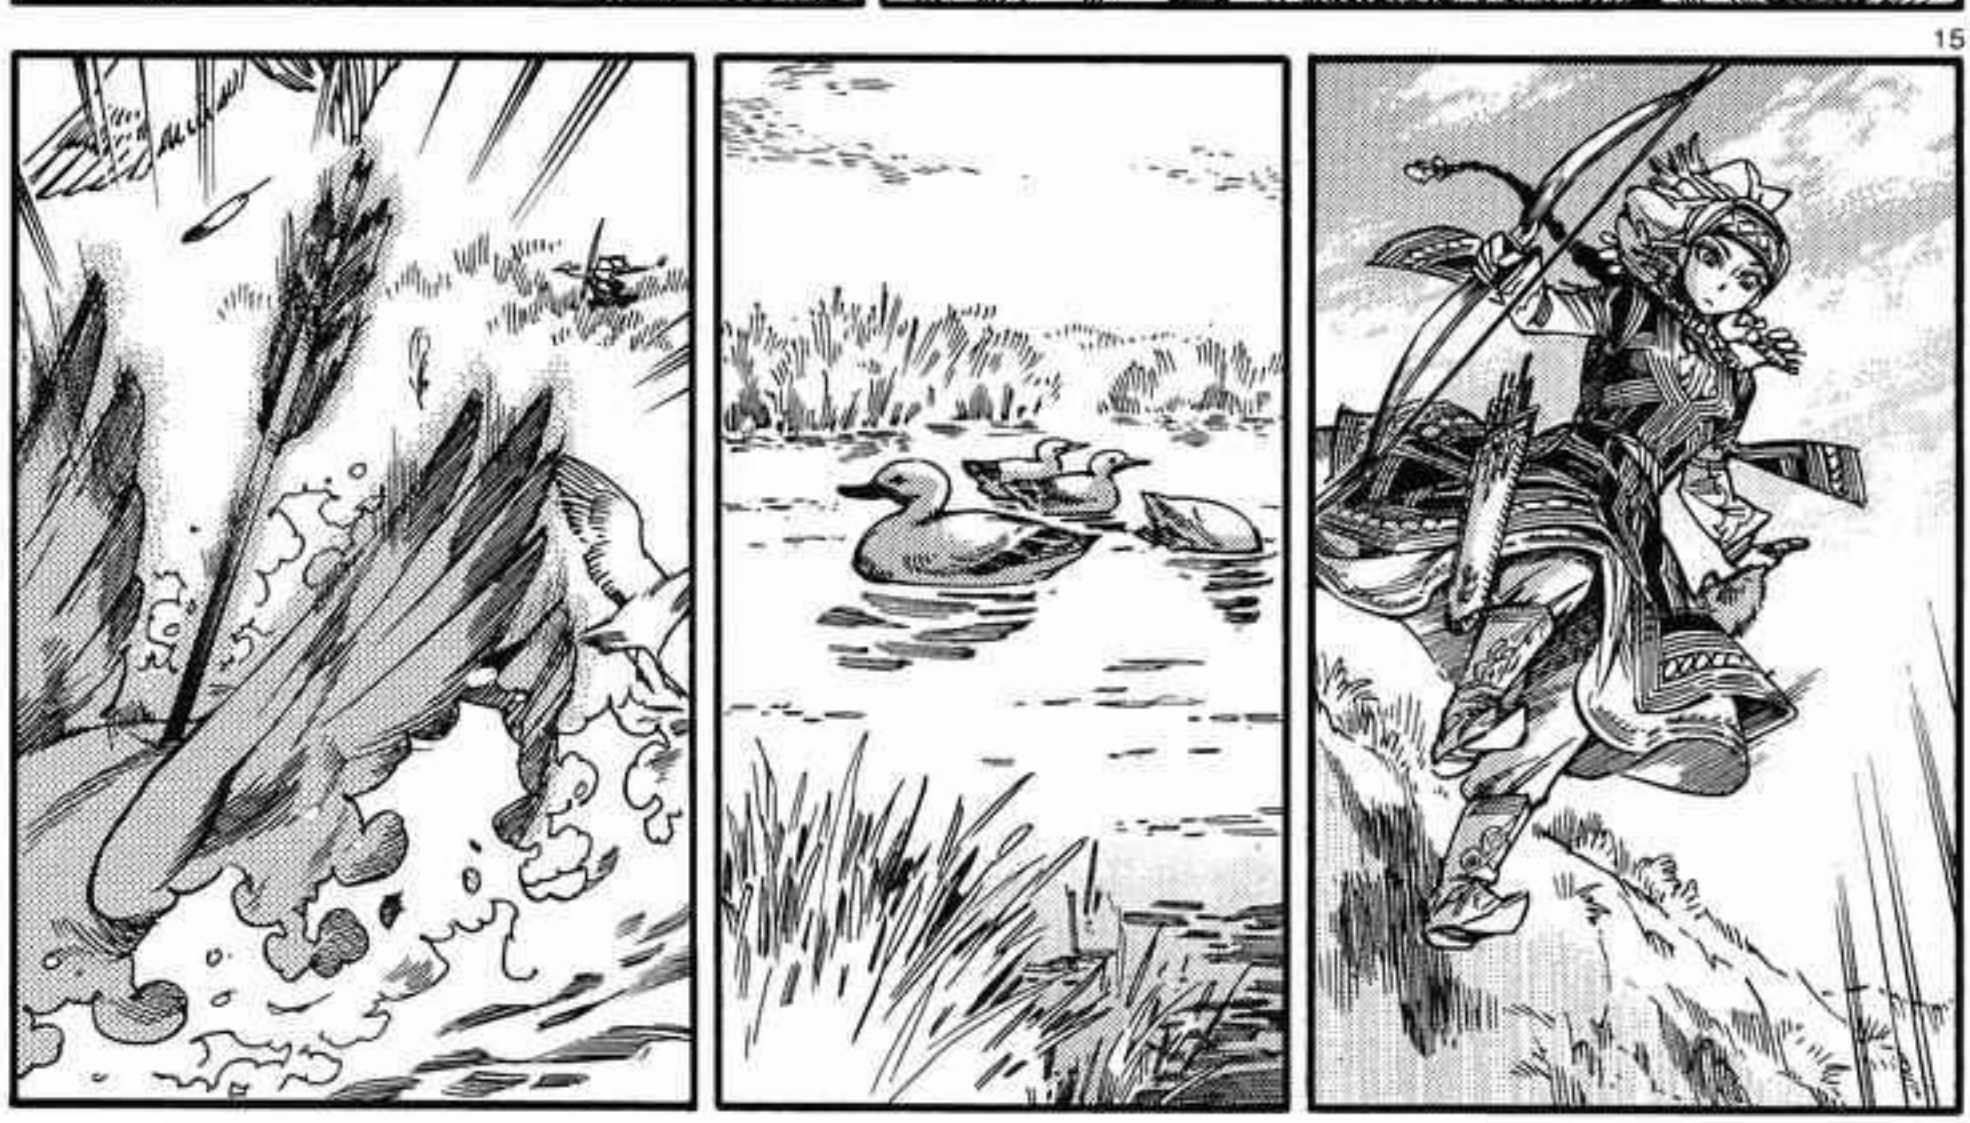
I'll go and catch us something!
Go ahead and get some water boiling, I'll be right back!

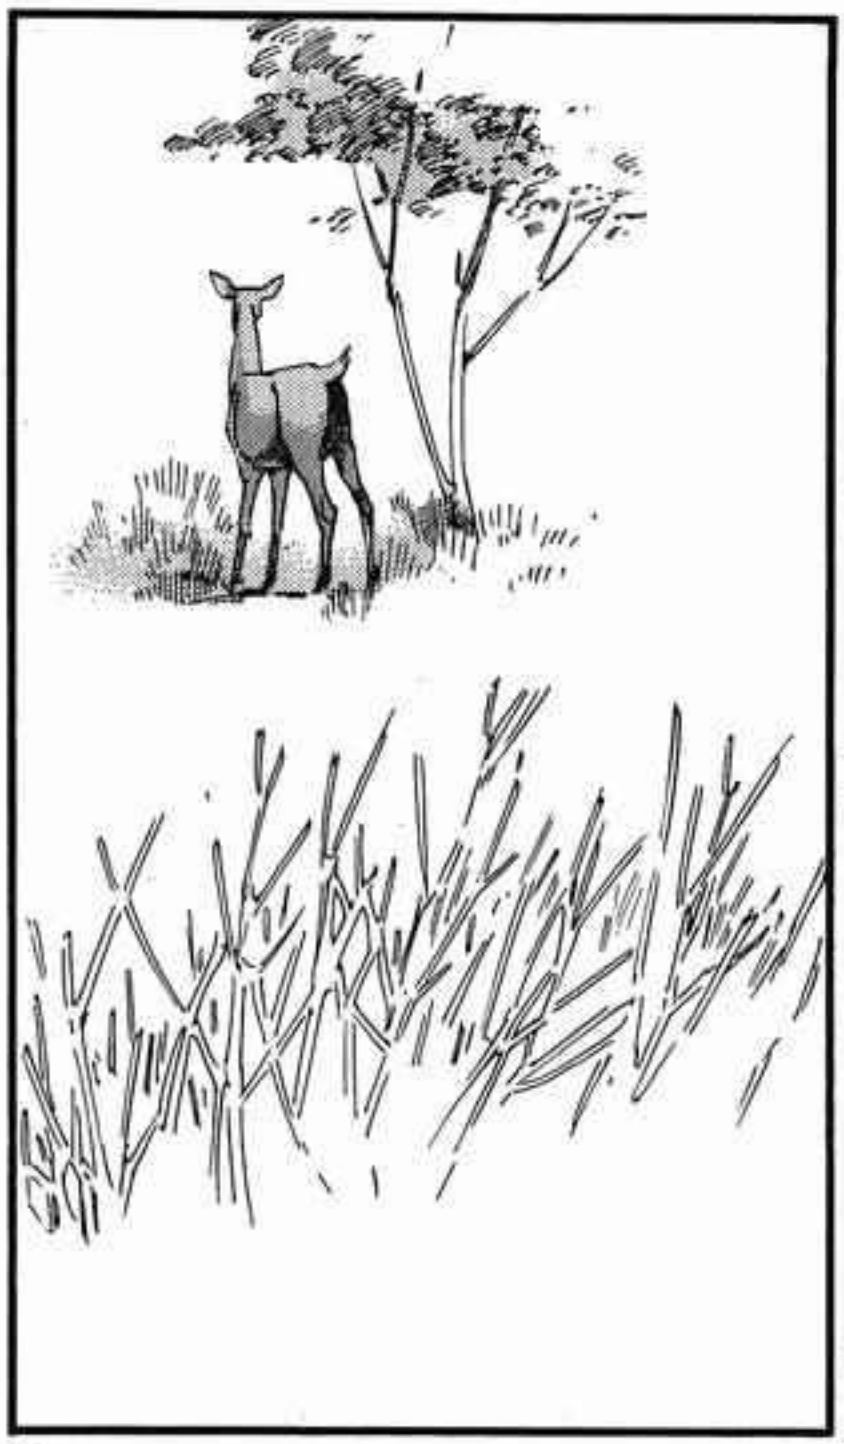
Hmm..

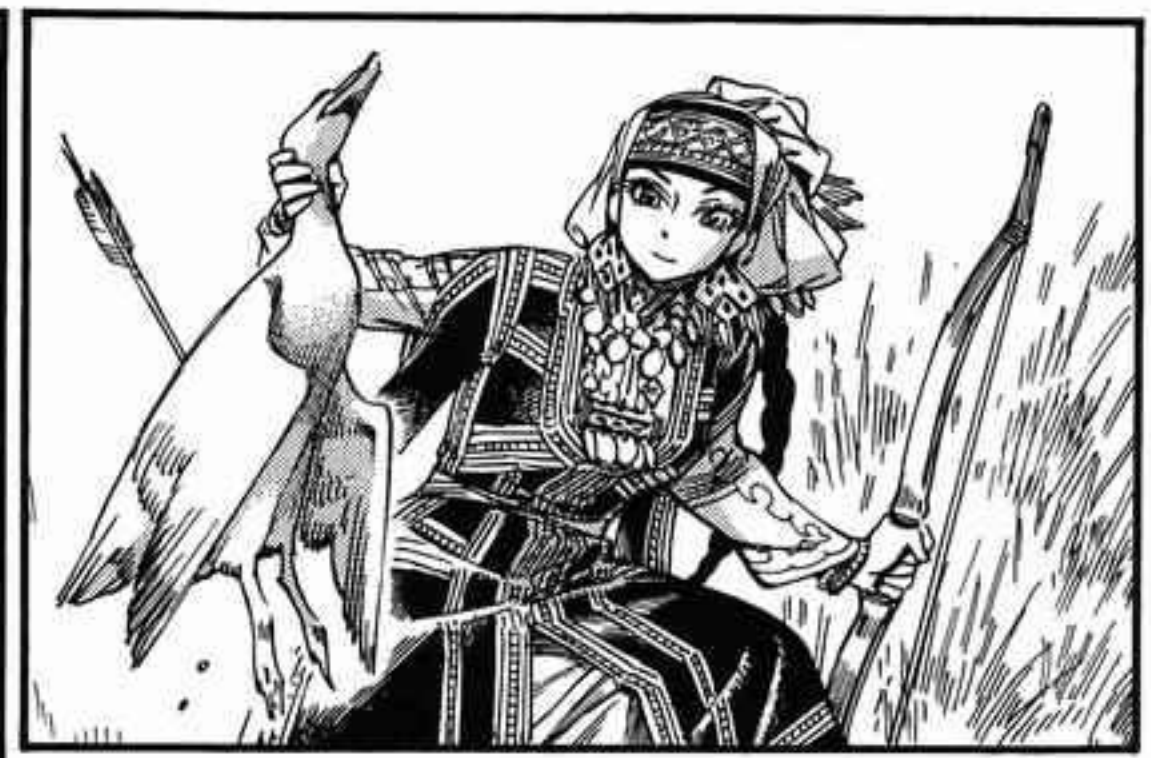
Did you bring anything else to eat?
I only see the bread.

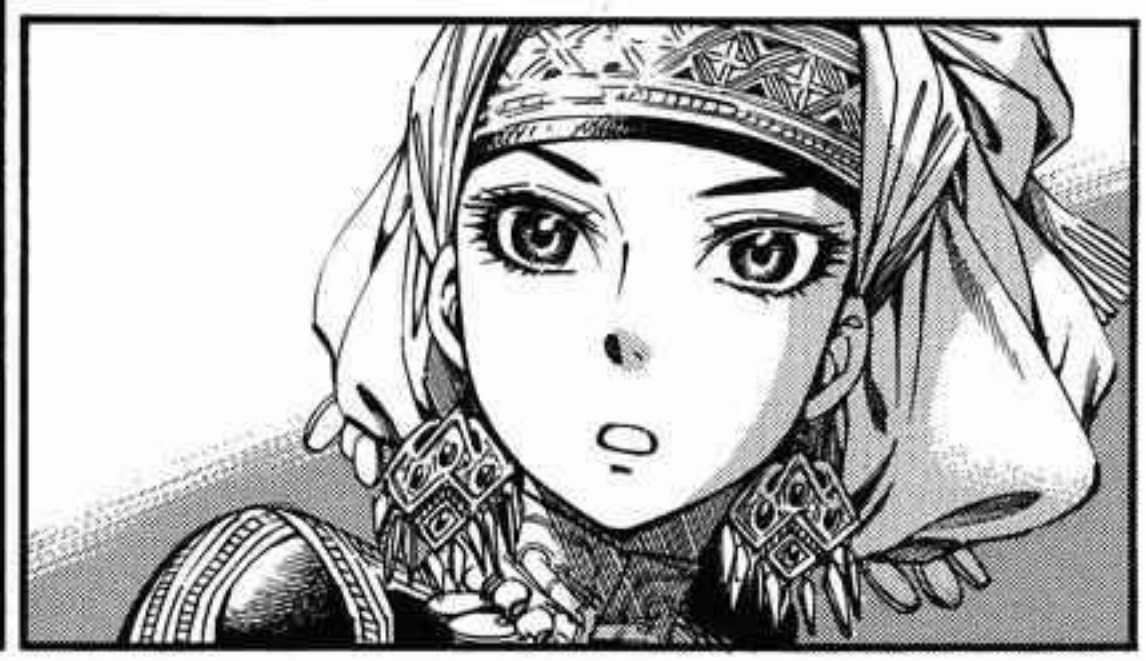
Oh. okay, sure.
Take care, then.











Wow, nice work.

ドサ ドサ

Can I help here?
Everything's packed.

SCRFF

We do still have to clean the deer..

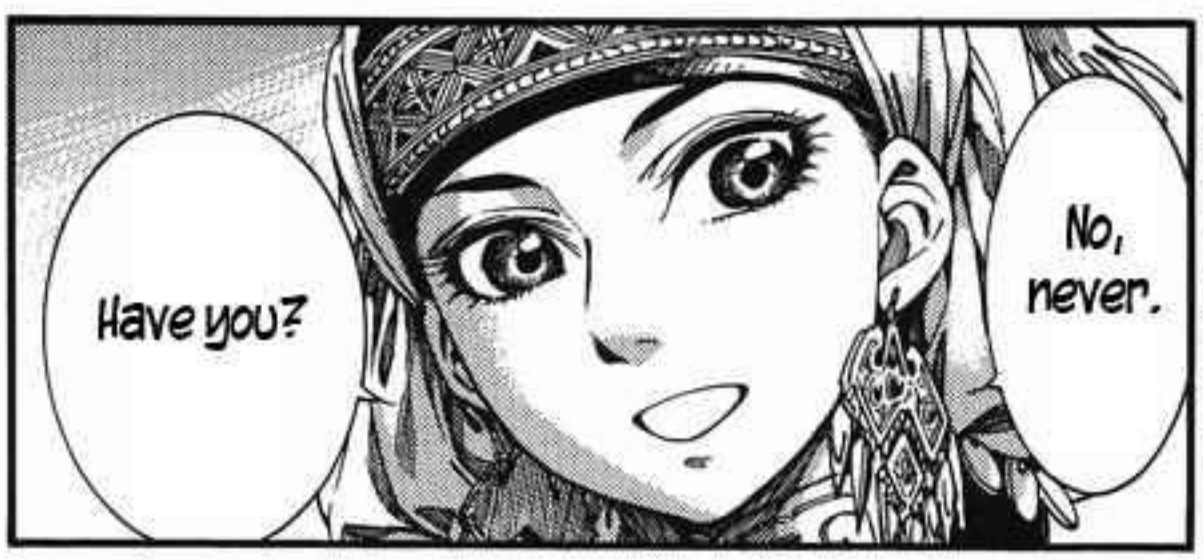
Deer, huh...
Hey, no problem!
That's.. Kind of like a sheep, right? Basically?

Could you.. point it out, maybe?
Just make sure not to cut the bladder.

Do you think that's too heavy?

If we take it slow it should be fine.

How about that.
Look, a hedge-hog!
Haven't seen them out here before.



Have you?
No, never.

Ever been pricked by a hedgehog before?

Leave it be, Amir!
We can find out!

Nope.
I kind of wonder how bad it hurts.

Welcome back, you t-
Ooh! Look at this!

We're hoo-ome!

Hopefully Sulkeek will be too tired for any more trouble-making.
Oh, yeah, just took our time running 'em is all.

Long day.
All good out there?

What's in the bundle, Pariya?
Some-thing for Umar?

Mom makes me
Probably keep bringing him food and stuff while he's here..
Oh, well.. Yeah.

We really ought to get a field or pasture or something going.
Well, as long as we don't forget about the rest of the horses.

I'M sure it wouldn't have been that bad.
only a little bleeding
That doesn't mean we have to do it!

They're round, and spiky all over!
I know about those!
That's right.

Then Amir decided we should try and stab ourselves on it.

We saw a hedgehog.
What's a heggog?

Hey Amir..
About that thing today.. I still have a request, right?
.....
I thought about it, and...
That's right!
Go ahead!
I'M ready!

I want you to teach me archery.

You can what?

And then, maybe I can even...
Like your brothers! Your family all knows how to shoot, right?
So I was thinking I should learn, too!

Okay! I'll do it!
We can start right away!

.....
I'll be stronger if I can shoot.
And.. When you go hunting, maybe we could.. go together?

Stuck for present ideas? How about going hand-made? Bows are practical, too. They're sure to love it.
