

A Bride's Story Vol 11 available now in print and digital!

That should
be enough to
keep him out
of trouble.

Well, he has
Niklovski to
look after
him.

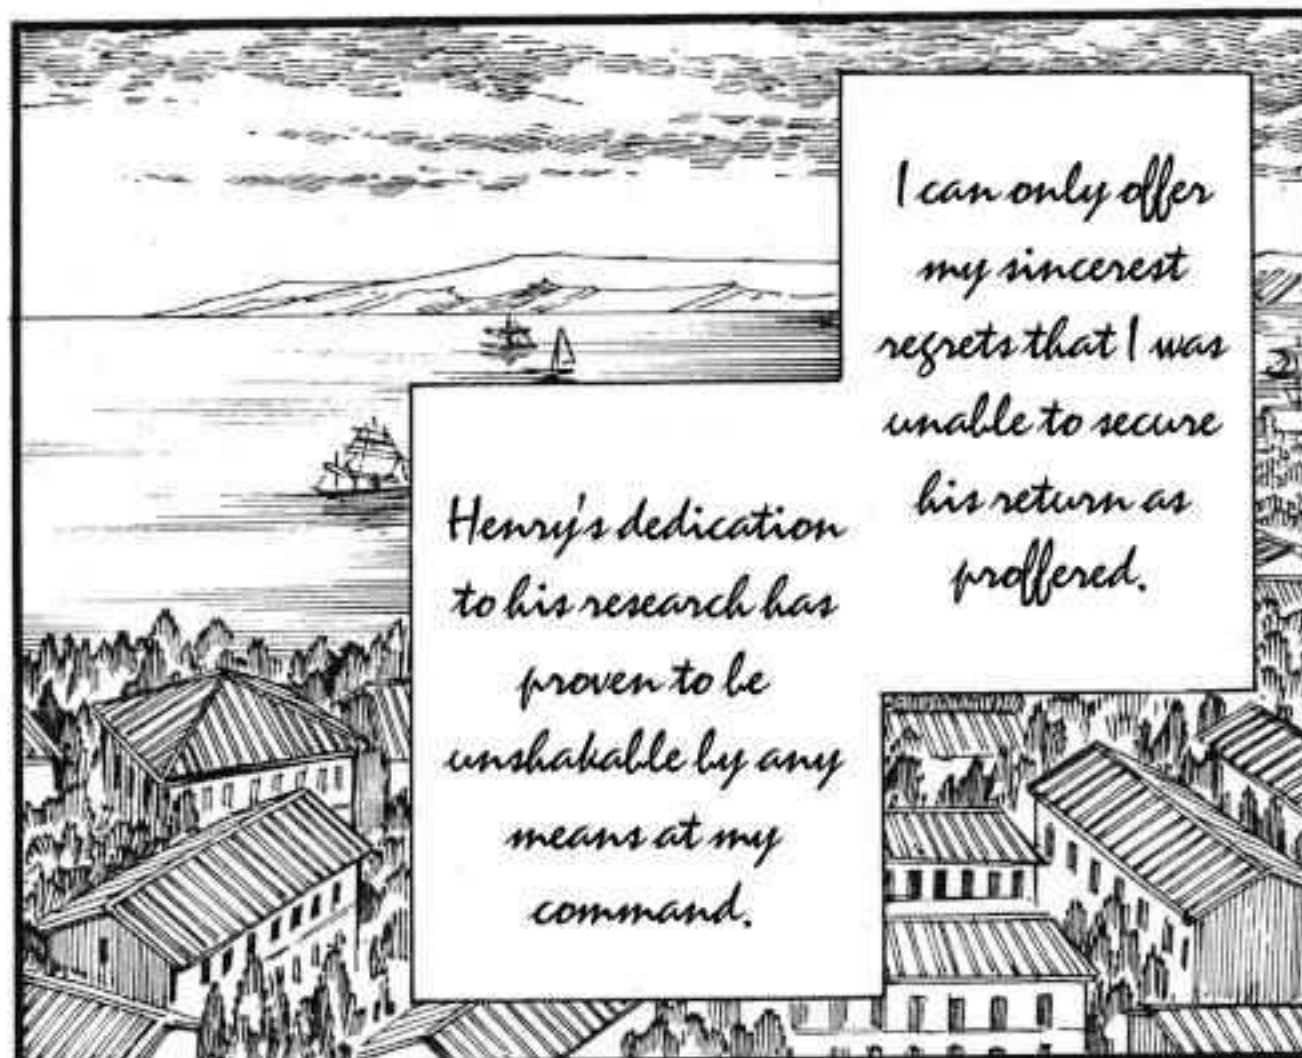

"Should be"
will put them
right at ease,
won't it!
Blast him!

Bah! A
Fine
notion!

As per my
previous
missive, your
son has
returned to
his travels.

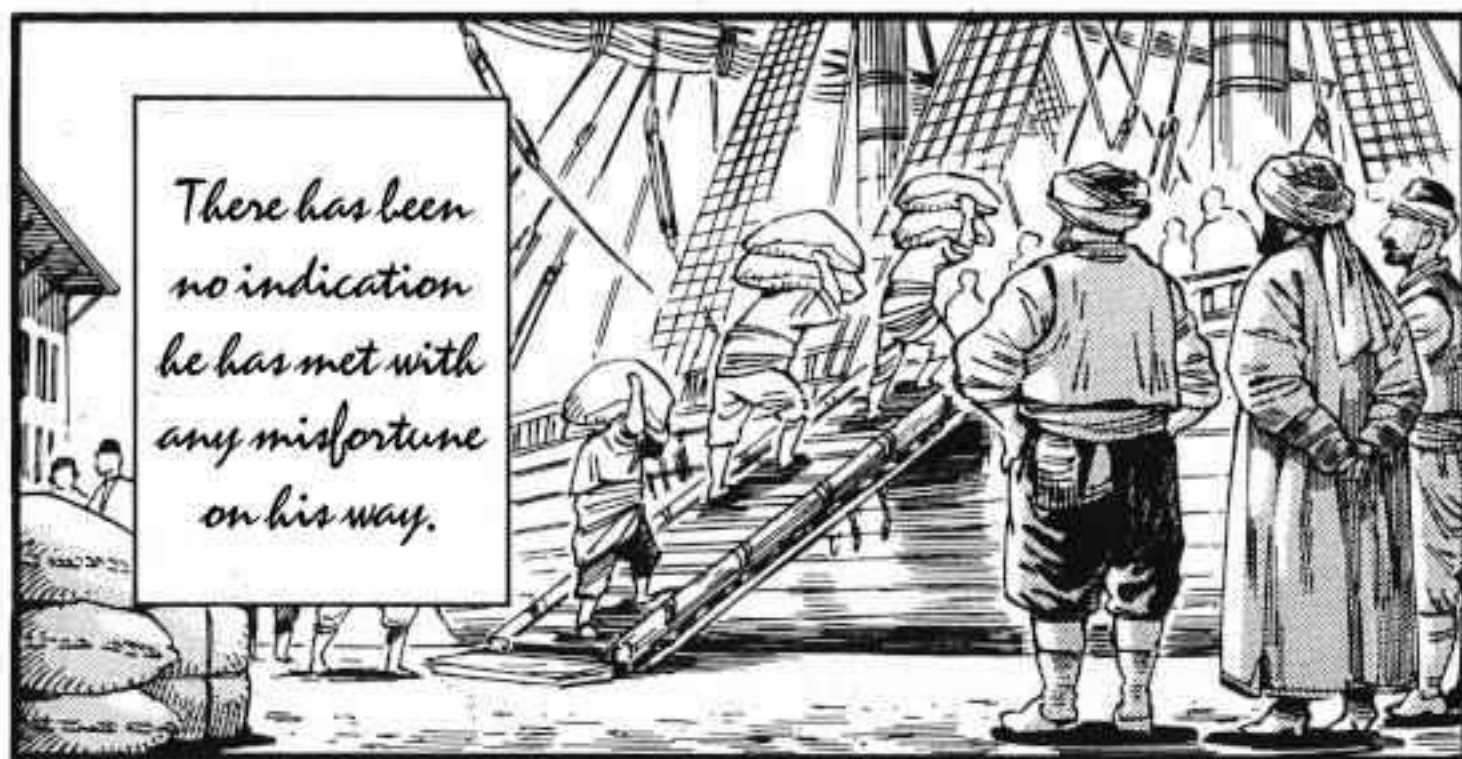

Henry's dedication
to his research has
proven to be
unshakable by any
means at my
command.

I can only offer
my sincerest
regrets that I was
unable to secure
his return as
proffered.

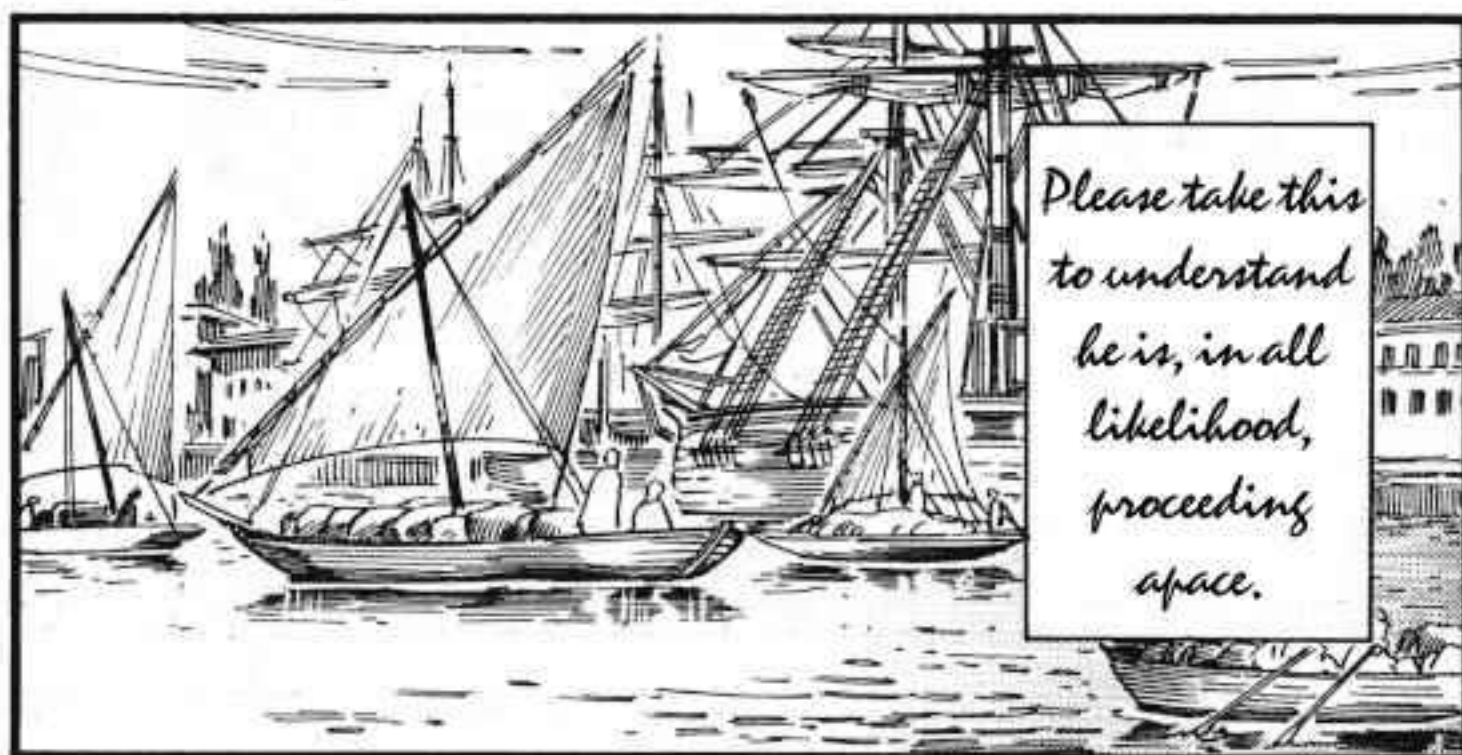

My Dear
Mrs Smith,

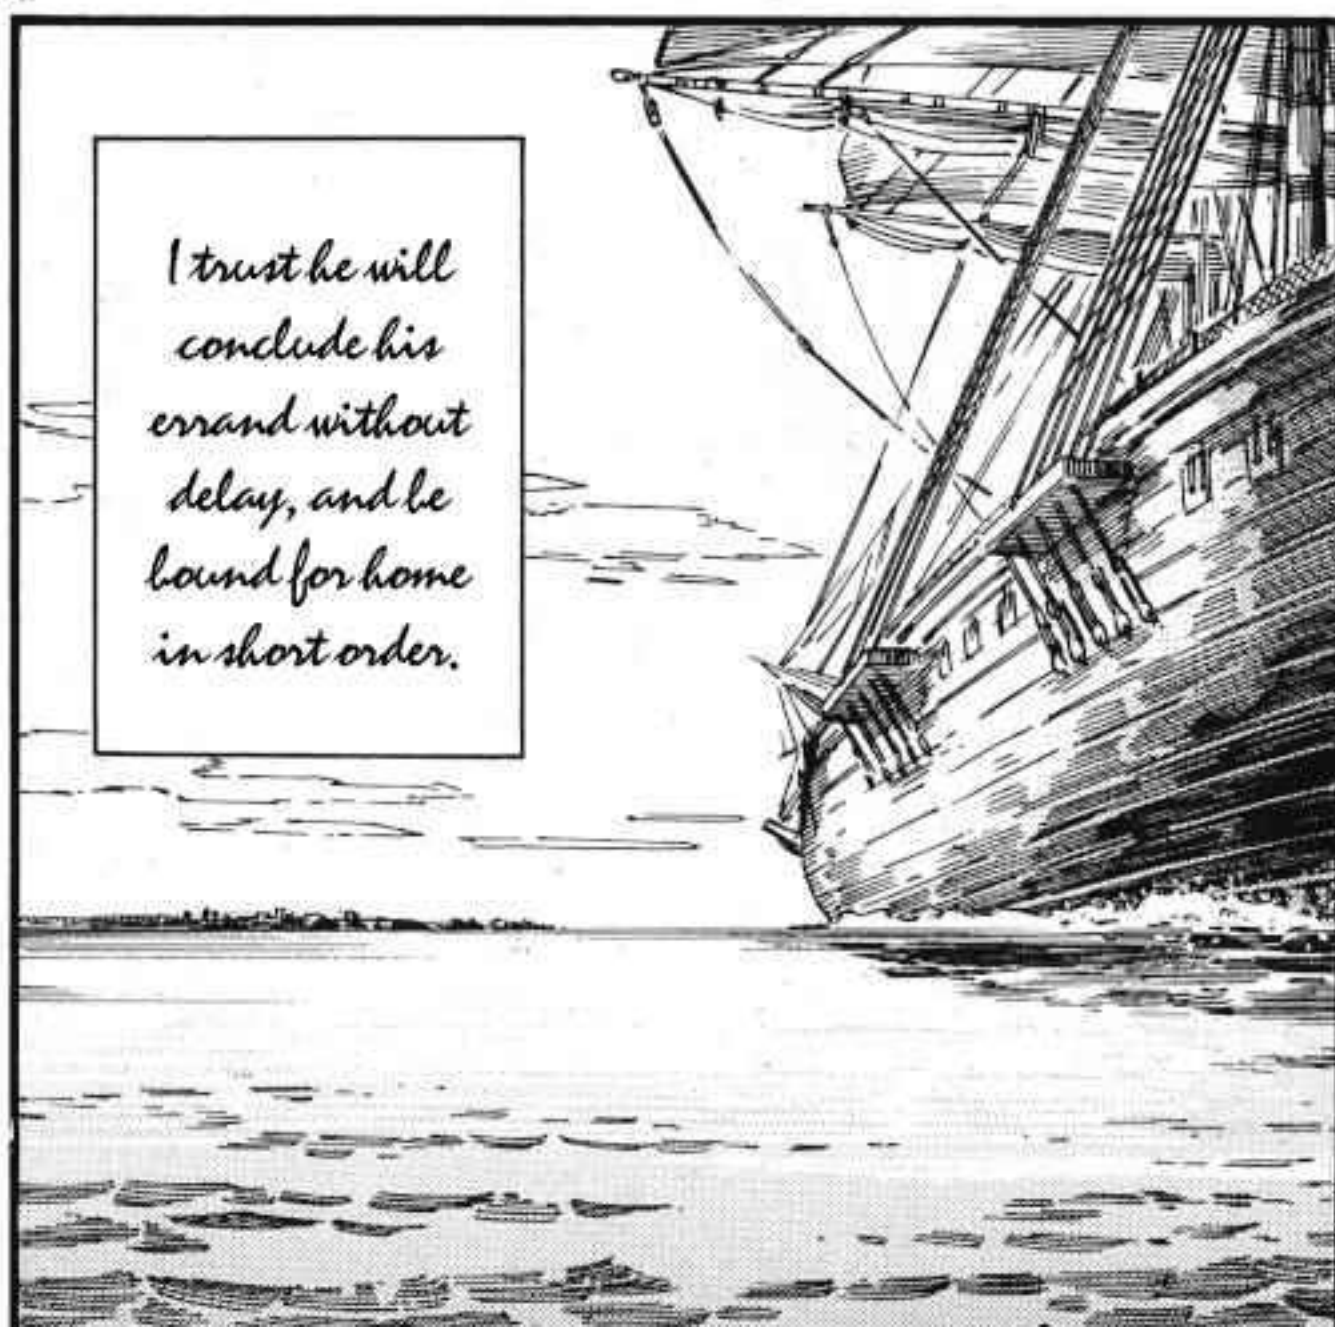

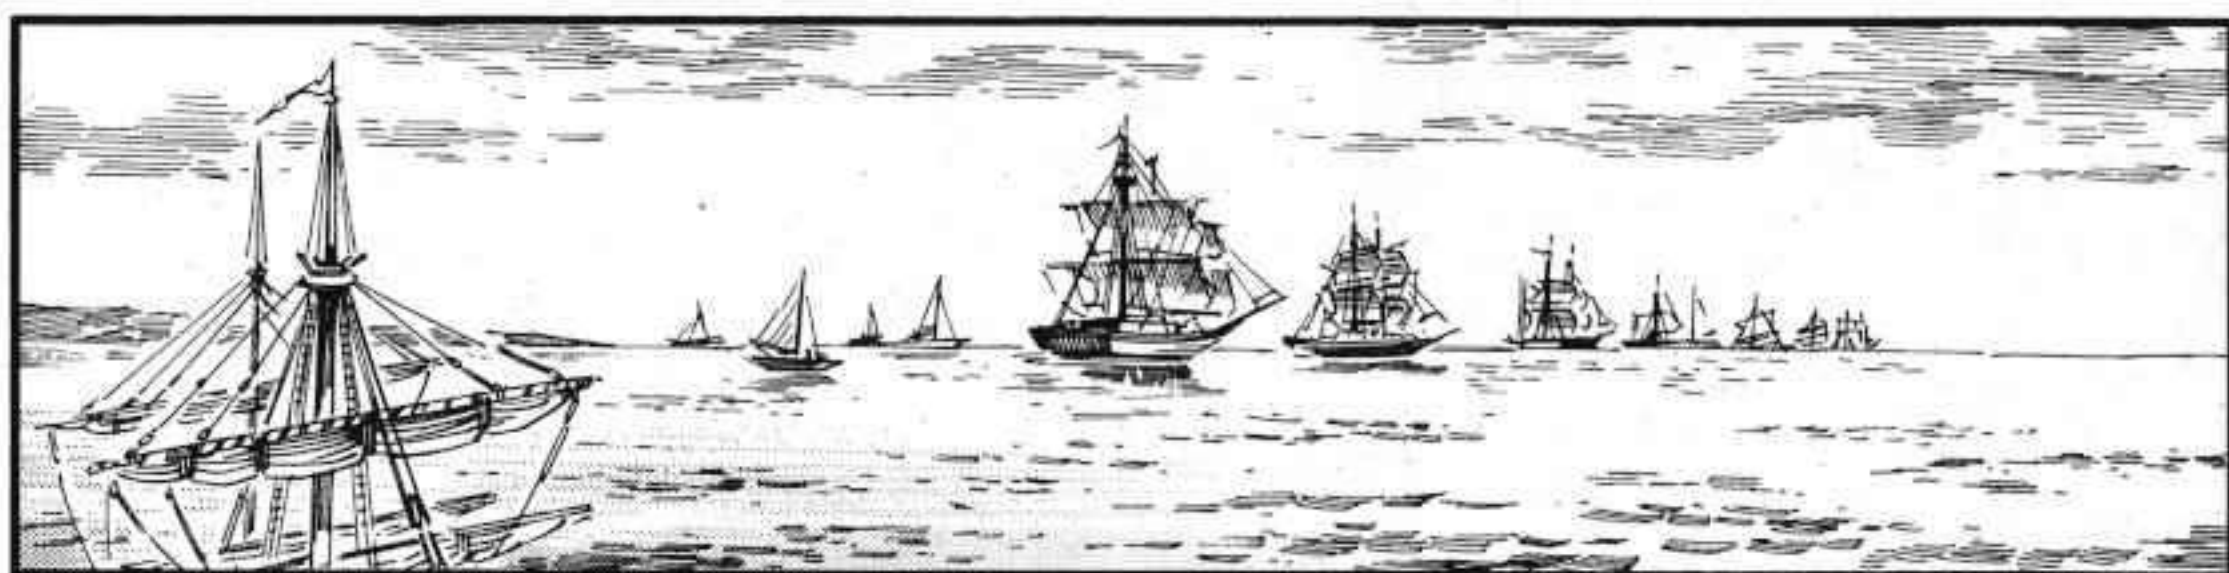

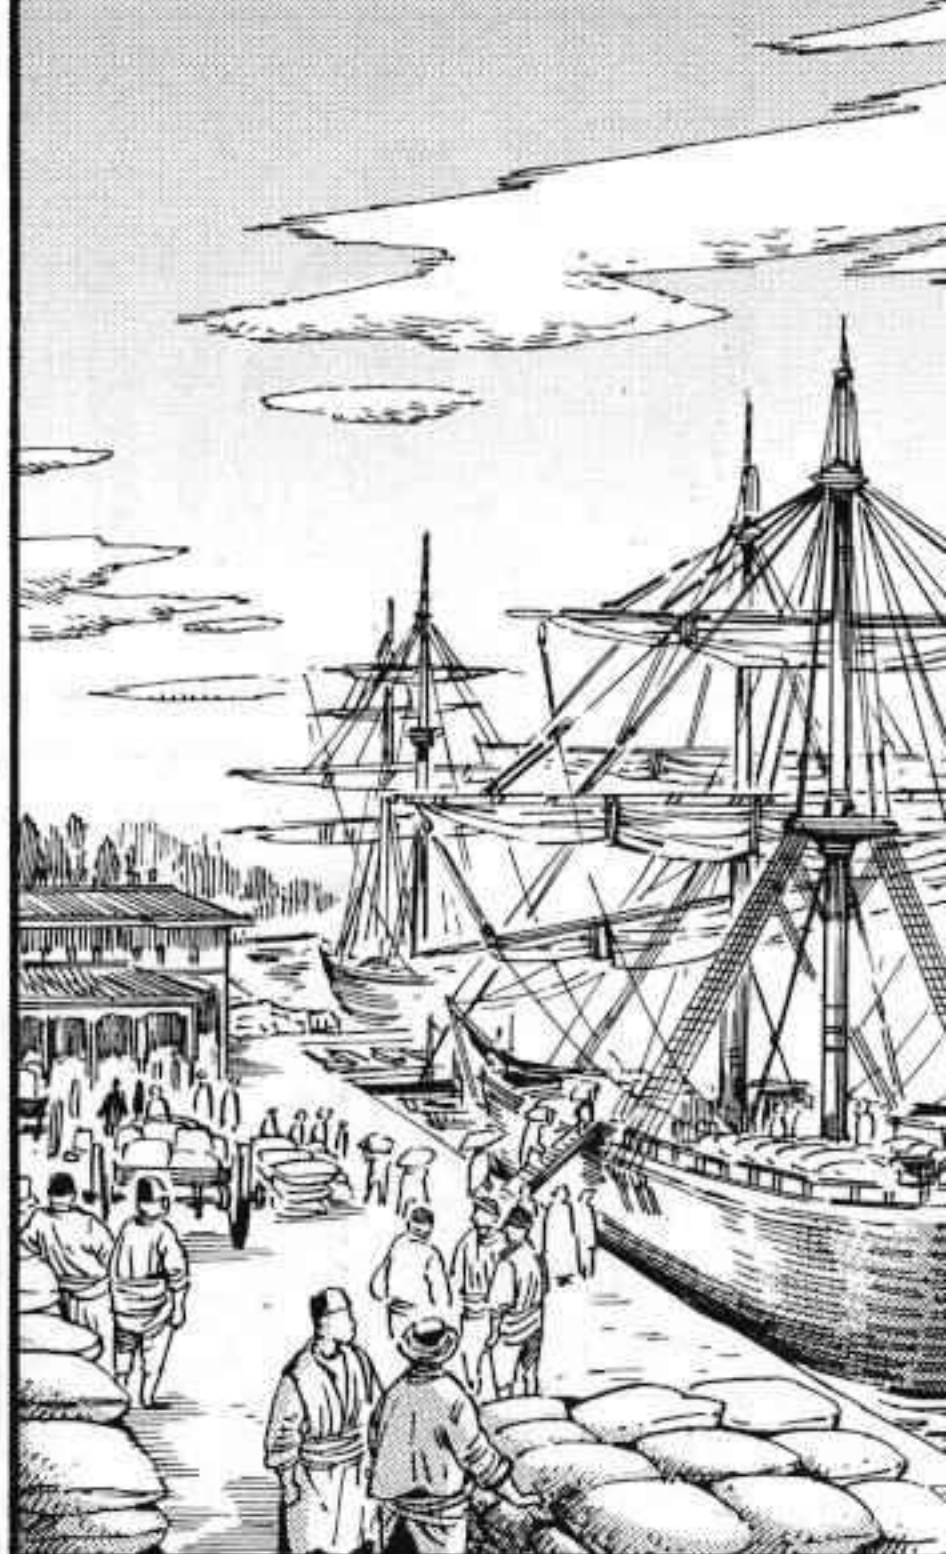

Please forgive
the delay in
my reply.

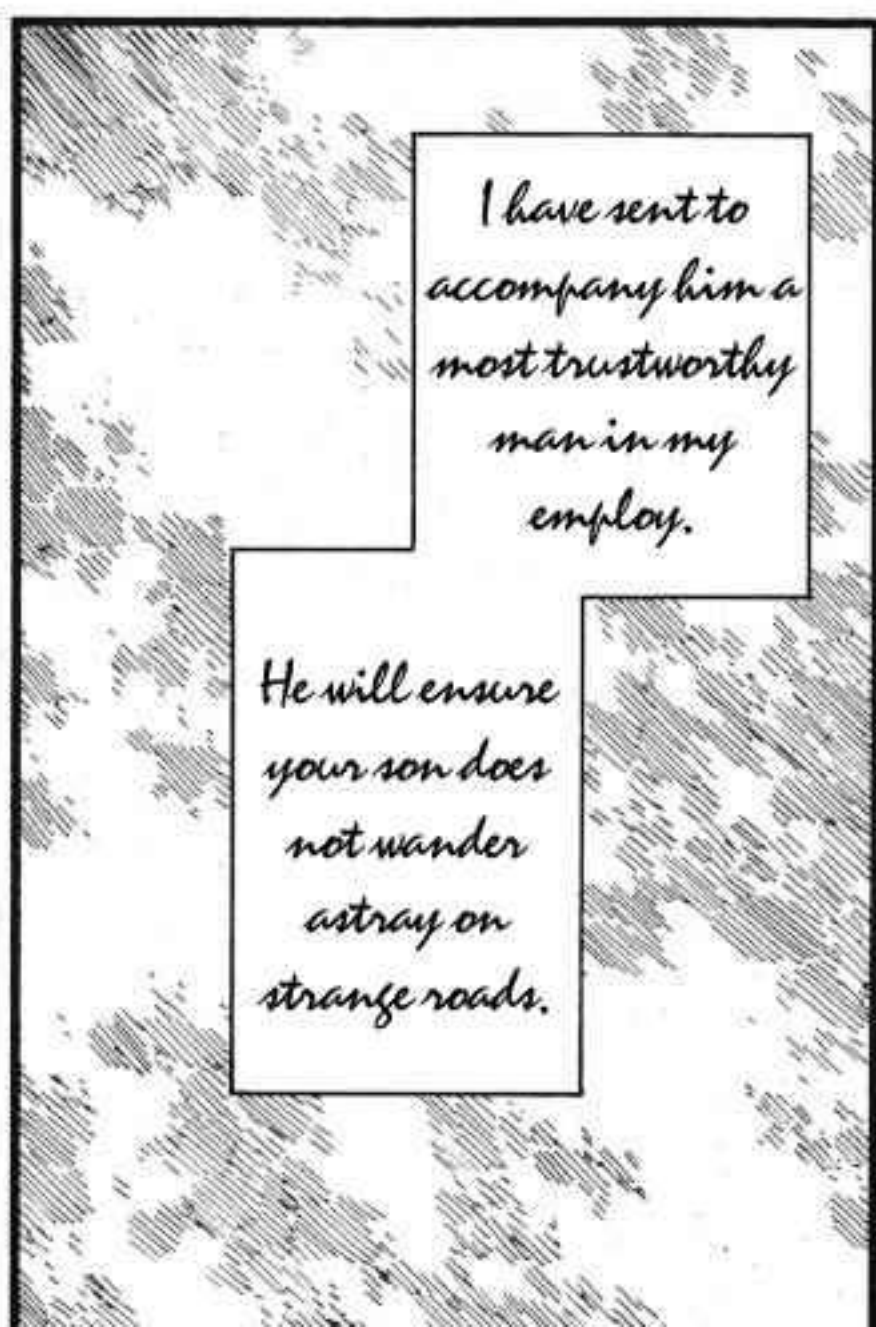

There has been
no indication
he has met with
any misfortune
on his way.

Please take this
to understand
he is, in all
likelihood,
proceeding
apace.

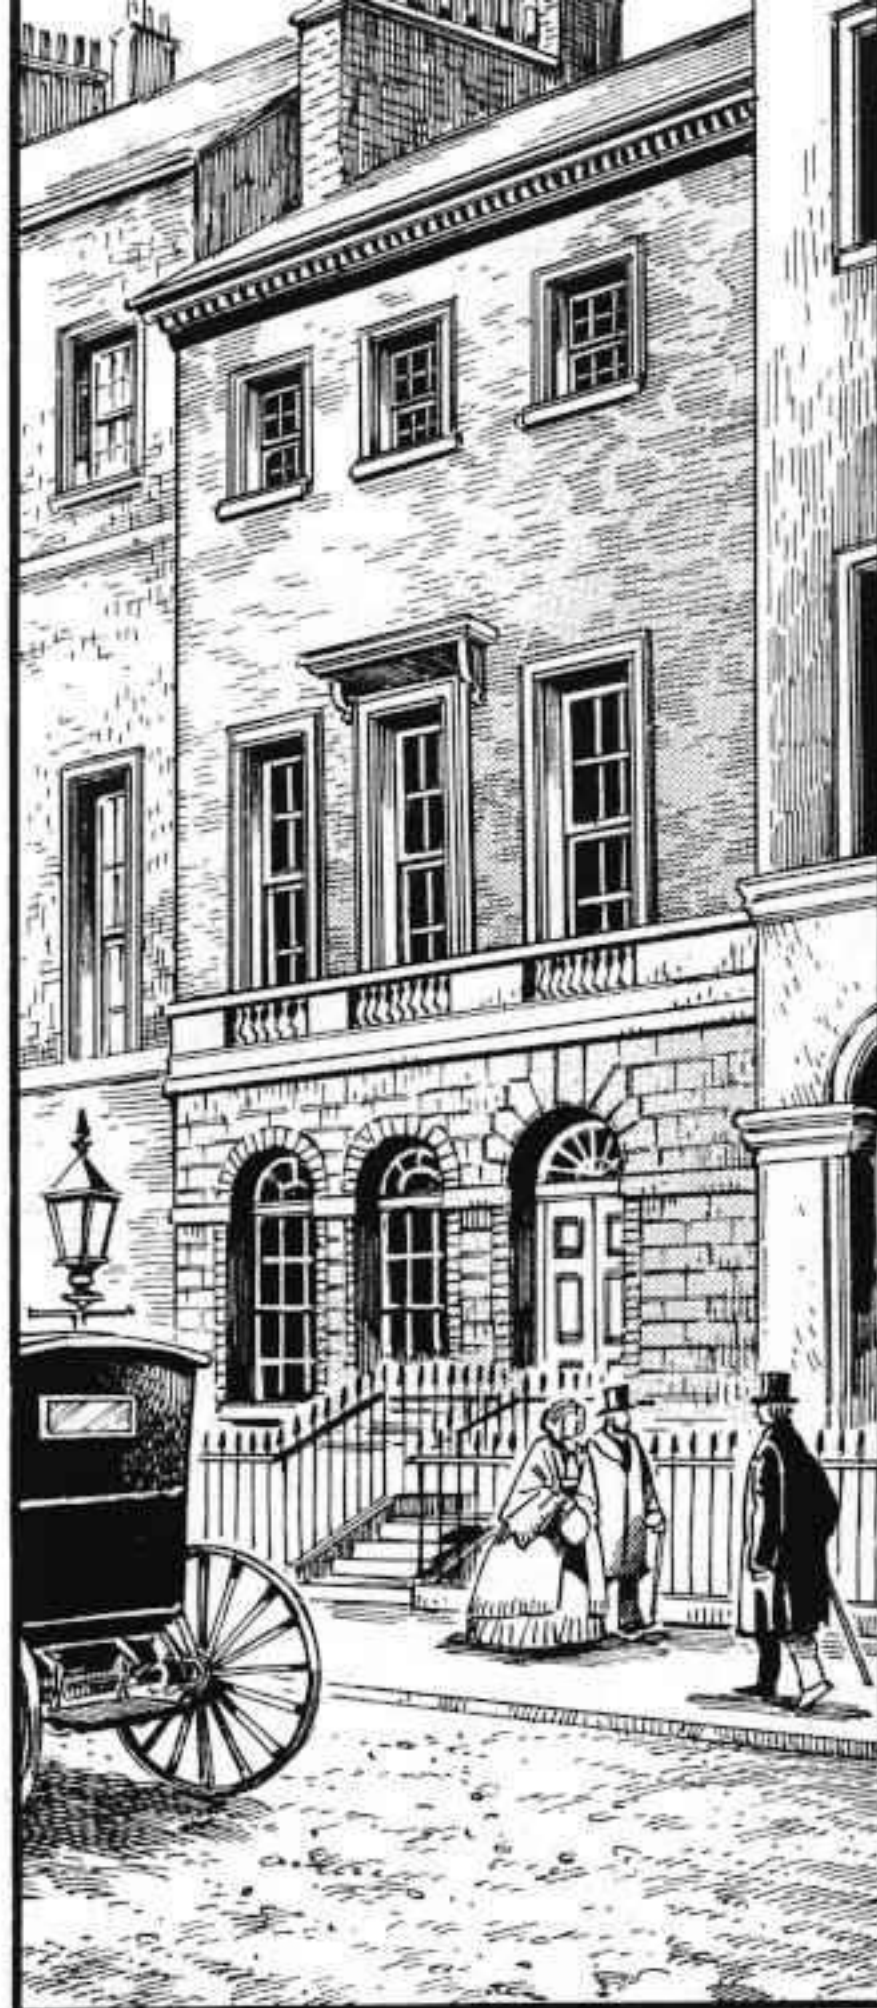

I trust he will
conclude his
errand without
delay, and be
bound for home
in short order.

I have sent to
accompany him a
most trustworthy
man in my
employ.

He will ensure
your son does
not wander
astray on
strange roads.

Would that I
could lay your
fears to rest, but I
pray you keep
courage fast.

I have faith
that no harm
will come to
your son.

He must be
terribly put
upon.

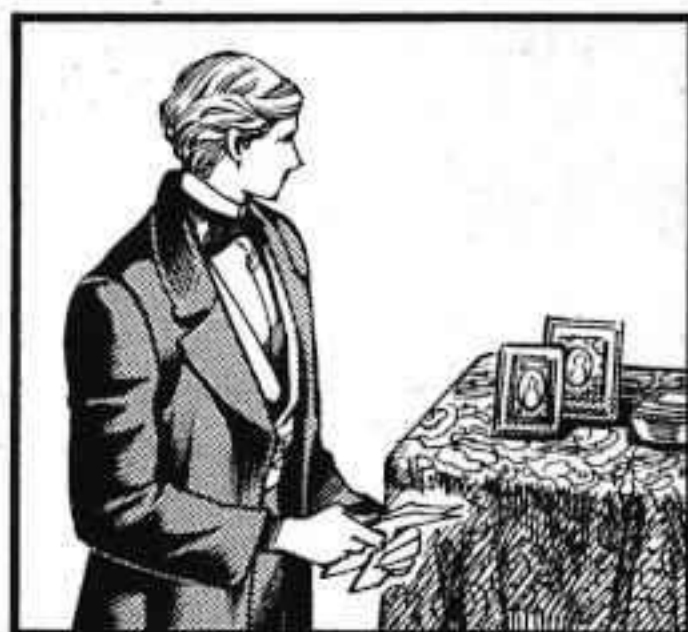

Mr. Hawkins
has kindly
written us
again.

Should any further
news reach me, I
shall of course
dispatch word
forthwith.

...Oh,
that
boy.

Please find me when he returns.

It's about Henry.

Sir has gone to Parliament.

Oh, yes. Of course.

No,

Not just yet, I'm afraid.

Is he coming home?!

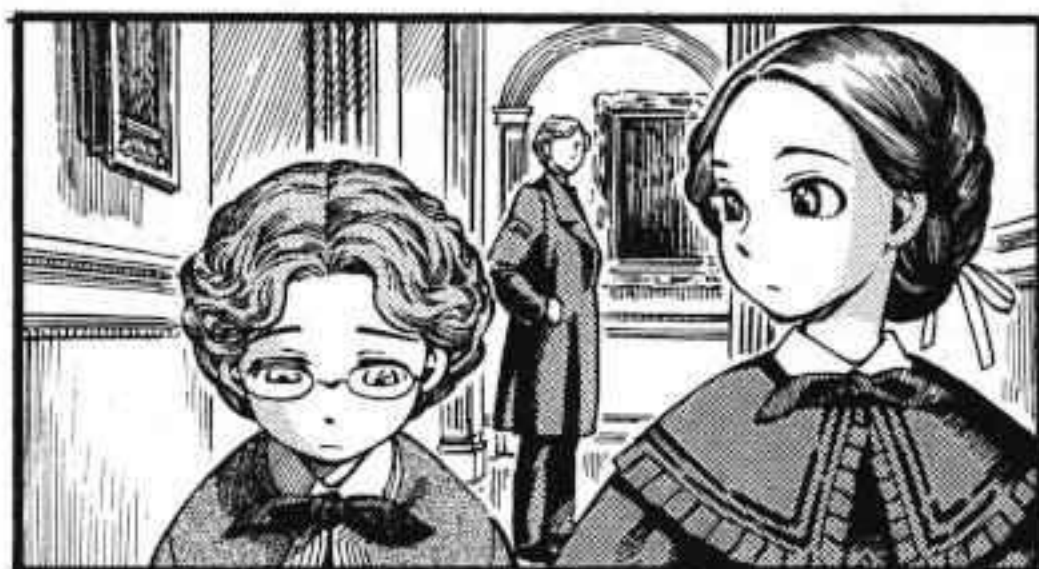

Oh, oh!

Uncle Henry's gone exploring in India, right?

What about Uncle Henry?

A Bride's Story will continue in October's Haru

I've elected to no longer translate licensed titles. This will be the last release. See next page for details. Thank you for enjoying A Bride's Story.

-Duralumin

Hi everyone. I'm Duralumin, and I've been translating A Bride's Story for over six years (oof).

I've recently made the decision to stop spreading bootlegs of licensed material that's available in English. Out of my current stable, that only concerns this series. I apologize to everyone who looks forward to my releases, and I can only hope you're all able to find a way to access the official version (look for volume 11 on shelves now, by the way).

Please Note: This is entirely on me. I have never once been contacted by anyone representing the author, the publishers, the licensors, or any other stakeholders. If you're disappointed in my decision and thinking about taking it out on them: **Fucking Don't!!**

As much as I like translating, and as much as I *love* translating A Bride's Story, I'm deciding to give it up because I want to keep reading it. I don't want to discourage titles like this from coming to the market by playing a part in taking away sales. And yes, giving this away for free *does* do just that.

Thanks for everyone who sent in their kind messages and feedback along the way, and for enjoying A Bride's Story together with me. I will still have other projects and maybe you'll like those too.

Just not this one.

Duralumin
